ROBBERS LOOTED PACIFIC MAIL CAR

Two Masked Men Secured Packages From Train Near New Orleans.

NO ATTEMPT ON PASSENGERS

Postal Authorities Can't Estimate the Loss—In Pursuit of the Robbers—Were Probably on Board the Train.

New Orleans, Sept. 26.—Two masked robbers invaded the mail car of the Southern Pacific train leaving New Orleans at 9 o'clock tonight and secured several batches of registered mail. No attempt was made to rob passengers. The robbery took place at Avondale, 12 miles west of New Orleans.

Postoffice officials at New Orleans state that they could not make an estimate of the loss, their only report being from one of the mail clerks that the postal car had been robbed. The robbers are supposed to have boarded the train at New Orleans and have entered the mail car when the train came to a stop at Avondale.

Authorities at Jefferson parish are now in pursuit of the robbers.

SOUTH CAROLINA REPUBLICANS.

Meet in Convention at Columbia—Negro Delegates.

Columbia, S. C., Sept. 26.—The much heralded plan to wrest control of the republican political organization of South Carolina from the negro did not materialize at today's meeting of the party's State convention, which was overwhelmingly controlled by negroes opposed to the National administration. Although the "lily white" element of the Republicans was conspicuous by its non-representation, for the first time in several years a white man, J. W. Tolbert, of Greenwood, was elected State chairman, supplanting Edmond H. Deas, colored, of Darlington.

A resolution endorsing the administration of President Taft was not even proposed. A State ticket was not named. Out of the ninety odd delegates present there were less than a dozen white men.

ASIATIC CHOLERA IN ITALY.

Four Cases at Rome And Two at Naples—Deaths at Budapest.

Rome, Sept. 26.—Prof. Doria, chief of the board of health announced today that there have been four cases of Asiatic cholera in Rome. One of these proved fatal, while the others are recovering. The origin of all has been traced to Naples.

During the past 24 hours four new cases and three deaths have been reported in the Southeastern district.

There was a cabinet meeting today at which the ministers deliberated on measures necessitated by the prevalence of cholera at Naples. Special consideration was given to the questions of shipping and emigration.

Detachment of police and 150 carabinieri have been sent to Naples to assist in the enforcement of the sanitary measures.

Naples, Sept. 26.—Two cases of cholera were officially announced in this city today, and one in an adjoining town. The municipal authorities have ordered the destruction of the oyster beds, which are situated close to the sewer outlets.

Budapest, Sept. 26.—There have been 28 cases of cholera and 11 deaths, according to the official reports, in Hungary, during the past 48 hours.

STRANDED NEAR LOOKOUT.

Unknown Steamer Gets on Shoals and Later Worked Itself Free.

Beaufort, N. C., Sept. 26.—During the fierce gale that swept the coast last night a large unidentified steamer stranded on the outer diamond of Cape Lookout shoals. Before the life savers could reach the vessel through the heavy sea it worked itself free and proceeded north. The steamer evidently was a tramp. It is not known whether it is badly damaged.

HON. B. F. DIXON DEAD.

Raleigh, N. C., Sept. 26.—State Auditor Benjamin F. Dixon died here tonight at 11:30 o'clock, at Rex Hospital, where he was taken a week ago, suffering from an acute attack of angina pectoris. Auditor Dixon was born in 1846. He was an officer in the Civil war and also served his country in the Spanish-American war, being a major in the Second regiment, North Carolina volunteers. He was a licensed physician and an ordained Methodist minister.

He was formerly superintendent of the Masonic Orphan Asylum at Oxford, N. C., and a few years later was made president of the Greensboro Female College. In 1900 Major Dixon was elected State auditor of North Carolina and was serving his third term when taken ill.

CABINET MEMBERS WITH TAFT

Assembled at White House Yesterday for Series of Conferences—Supreme Court Vacancies Discussed—Features.

Washington, Sept. 26.—The cabinet house party at the White House is in full swing tonight. Eight of the nine members of the President's official family moved in today.

They held a formal session in the cabinet room of the executive offices during the forenoon, and continued their informal discussion of affairs of state at a luncheon which began at 1:30 P. M., and did not end until nearly 4. During the late afternoon the various cabinet officers returned to their respective departments, but gathered again at the White House for dinner and a long evening talk on the south veranda.

The President's forthcoming appointments to the Supreme Court served as the chief topic of discussion today. They were taken up after the department heads had made brief reports as to conditions in the various branches of the government service.

It is said there are no outstanding candidates for the Supreme Court vacancies. The President is keeping his mind open. He has discussed and will continue to discuss the various qualities of men who have been suggested for the bench, but there is little chance that his final selections will be made before the time for Congress to convene in December.

From the time it meets in October, until the Senate confirms a new appoint by the President, the Supreme Court will proceed without a chief justice. Nothing has happened to change the well-founded impression that Gov. Hughes will be made chief justice, but his re-nomination will not be announced until the Senate is in session.

TROUBLE AT WEST POINT.

Entire Corps Under Arrest for Administering "Silence" to Officer.

West Point, N. Y., Sept. 26.—Although the special board of inquiry will not report on the case for several days, drastic measures of discipline are still being meted out at the United States Military Academy as a result of the cadets having twice administered the "silence" to Capt. Rufus E. Longan, an instructor. The following orders were issued today by Lieut. Col. Frederick W. Sibley, the commandant, who has the situation in charge during the absence in Washington of Major General Barry, the superintendent:

"Until further orders, cadets will confine themselves to their rooms. During release from quarters from immediately after breakfast and from immediately after dinner until call to quarters, cadets will confine themselves to the limits of the area of barracks, and the cadet sentinels will be posted ten minutes after drill and will make inspection every half hour."

This means that the entire corps is practically under arrest, denied all privileges and permitted to see no one, not officially connected with the military academy. The order will remain in force until the return of General Barry, who is expected tomorrow.

It is not often that the "silence" treatment is inflicted upon a superior officer, and the present case is the first that has occurred since Captain Lindsay was "silenced" ten years ago. An inquiry resulted in that officer being relieved from the military academy.

Until the board of inquiry makes its report to General Barry there probably will be few developments. In the meantime the board will hold sessions from 9 o'clock in the morning until 3 in the afternoon.

With all recreation abolished, football practice necessarily has been temporarily suspended, and all hop dates in the near future cancelled. From various sources it has been learned that Capt. Longan was "silenced" for questioning the veracity of cadets. As untruthfulness is branded the most despicable thing in cadet life, to question a man's word, is one of the worst insults that can be offered.

TO ELIMINATE POLITICS.

In National Guard Feature of General Mills' Report.

Washington, Sept. 26.—A plea for the elimination of politics, now more or less influential in National Guard matters in each State, is made in the annual report of Brigadier General A. L. Mills, commanding the Department of the Gulf. Such a general recognition of the National Guard status, says General Mills, would also largely eliminate "another evil influence now only too often exercised, the discrimination of employers against employes, who are members of the National Guard."

General Mills says that real efficiency cannot be attained without further provision for a greater number of qualified instructors than are now available or can be spared from the army. He believes a large percentage of the new Springfield rifles in the hands of the organized militia in his department are today unserviceable from rust and neglect. This defect, he adds, cannot remedied until funds are forthcoming from National or State governments for adequate armory buildings. A more liberal allowance of clothing is advocated, particularly shoes, the majority of which now cripple the feet of their wearers even in moderate exercises.

The officer renews recommendations for maintaining full regimental complements of officers, and reports a gratifying reduction in the number of desertions, largely attributed to the vigorous measures for punishing that crime.

WIFE OF CRIPPEN A MURDER VICTIM

Verdict of Coroner's Jury in Sensational London Inquiry.

DELIBERATED ONLY ONE HOUR

Evidence Points to Case of Poisoning. Made no Reference to Miss Leneve as Accessory—Trial in October.

London, Sept. 26.—The coroner's jury, after one hour's deliberation today brought in the verdict that Mrs. Cora Crippen, known on the stage as Belle Elmore, had been wilfully murdered by her husband, Dr. Hawley H. Crippen, an American dentist. After listening to the testimony which was presented, and hearing the summing up of the case by Coroner Schroeder, who summarized the evidence pointing to the murder, the jury was left but little choice.

The verdict reached by the coroner's jury which remained out one hour, was to the effect that the mutilated body found buried in the cellar of the Crippen home was that of Cora Crippen, who had been wilfully murdered by Dr. Crippen. The verdict added that the cause of death was poisoning by hyoscin.

The inquest had been dragged out longer than usual in order to give the police time to search for evidence. They are still hunting for a witness and expect to bring at the trial more testimony tending to identify Belle Elmore's body, through the agency of a piece of flesh found to contain a scar.

The case will come up for trial at the next criminal sessions, which are scheduled for October 11th, and probably will be called up about October 18th.

In summing up the coroner said that the evidence presented concerning the identity of the buried body was unusually slim, but that there was little doubt that the remains were human. Although the physicians frankly said that they could not swear as to the sex, on anatohical grounds, they agreed, the coroner declared, that all indications pointed to the mutilated flesh being that of a woman. He pointed out that Belle Elmore had completely disappeared, and that the body had been found in her husband's cellar.

Other evidence as to the identification of the body, the coroner contended, was the testimony given by several women that Belle Elmore bore a scar, and that the doctors had reached the conclusion that a mark found on a piece of skin had been a scar. He also spoke of the finding of the remains of hair, showing that it had been bleached and drew attention to the finding of hyoscin in the body and to the purchase of this drug by Dr. Crippen.

The coroner recalled to the jury the varying stories Dr. Crippen told after the disappearance of his wife and to his own disappearance with Miss Leneve.

As to Miss Leneve's position the coroner told the jurors that it was no duty of theirs to consider the question of accessory after the fact.

LORIMER INQUIRY IN CHICAGO

Investigating Charges of Bribery and Corruption in Election of United States Senator—Legislator White Witness.

Chicago, Sept. 26.—Testimony from State Representative Charles A. White, the first witness in the inquiry into the election of United States Senator William Lorimer was heard today by the Senate committee investigating the charges of bribery and corruption in the election of the latter.

After hours of argument by the opposing counsel the committee left undetermined the question of the admissibility of testimony relative to the alleged "jack-pot" and alleged accumulated fund for the payment of corrupt legislators for voting for or against certain bills in the Illinois General Assembly.

Attorney Alfred S. Austrian, representing the Chicago Tribune, which is pushing the charges against the election of Senator Lorimer, contended vigorously that the alleged participation of legislators, who voted for Senator Lorimer, in the spoils of the alleged "jack-pot" was pertinent and necessary to show a general corruption of the Legislature that elected Senator Lorimer.

Attorney Elbridge Hanecy, counsel for Senator Lorimer, stoutly opposed the admission of testimony relative to alleged bribes that might have been received by legislators for their votes on legislative matters apart from the election of a United States Senator.

On the strict understanding that the action was not to be considered a precedent admitting the whole "jack-pot" subject, Chairman Burrows permitted White to answer some of the questions touching the "jack-pot."

No objection was offered by counsel to the testimony of White that he had received $1,000 from Minority Leader Lee O'Neil Browne, of the Illinois Legislature, to vote for Senator Lorimer.

Representative White then declared that he was met in the St. Louis hotel by Representative Robert E. Wilson, also a Democratic representative who paid him $900 as his share of the jack-pot. White detailed his meeting with other Democratic legislators in Wilson's hotel room and testified that the payment was made to him in the bathroom of the suite by Wilson, who, before that had conferred with another of the legislators in the same bath room.

His testimony was essentially the same as given by him in the two trials of Lee O'Neil Browne, who was acquitted of bribing White.

The committee would not permit the witness at this time to relate the conversations which he said he had with Representative Joseph Clark, of Vandalia, relative to a third representative, Michael Link, touching the alleged bribery payments.

White had detailed that he wrote his story of the alleged bribery in the election of Senator Lorimer in the Fall of 1909, and added to it in the succeeding Winter. The question "did some one send you to the Chicago Tribune with the story?" was asked and another objection was encountered. Chairman Burrows ruled that the testimony was not competent.

White testified that he took the story to the newspaper after it had been returned to him from New York, where he had previously sent it.

The publication of the story in the newspaper was the first public intimation of the charges of bribery and corruption in the Senatorial election. The direct examination of Representative White will be resumed tomorrow.

Atlanta, Ga., Sept. 26.—Samuel F. Parrott, president of the Atlantic Compress Company, and for many years vice-president of the Georgia Southern & Florida Railroad, died at a private sanitarium here tonight after a long illness.

GAYNOR PREFERS TO REMAIN MAYOR

Declines to Become Candidate for Governorship of New York State.

ISSUED A FORMAL STATEMENT

Would Probably Accept if Nomination Was Thrust Upon Him.—His Strength in State Said to be Exaggerated.

New York, Sept. 26.—Mayor Gaynor issued tonight, for the first time, a formal statement saying that he is not a candidate for the Democratic nomination for Governor. Nowhere in the statement does the Mayor say, however, what course he will pursue in the event the nomination is thrust upon him.

He indicates that he prefers to serve his full term as Mayor, but at the same time he emphasizes that the feels no moral obligation to do so. The statement, dated St. James, L. I., September 26th, in th form of a letter to John A. Dix, chairman of the Democratic State Committee, in part, follows:

"I have further considered the matter as you requested when you called on me here with Mr. Mack last Wednesday, but can only reiterate to you that I am not a candidate for nomination for Governor This must have been well known all along, for I have written it to many people during the last six months. I am not influenced in my course by assertions made here and there that I made an agreement or compact during the Mayoralty campaign to serve out the four years if elected. These false assertions are made by persons who opposed me and voted against me, and would do so again. I made no such agreement. I certainly did not make it with those who opposed me and voted against me.

could have had no compact with them. It takes two sides to make a compact. Nor did I make it with those who nominated and supported me. They did not ask for it. I did say of my own notion and at the request of no one that I purposed to devote the next four years to the service of the city. But this only started a hue and cry against me that I should make a pledge or compact to that effect, which I refused to do. And if I had made a pledge that could not prevent the voters from electing me to some other office."

Mayor Gaynor after stating that there are some large things which a governor could do for New York city which a mayor would have difficulty in doing, if at all, says that nevertheless his wish to remain as mayor is such that he does not care to become a candidate for governor. The mayor then says the office of mayor of New York is second to no office in this country.

Continuing, the mayor says: "Many tell me and write me that in taking this course I give up my future. But I shall not take myself or my future into consideration. None of us has a future, I should be content to entrust it to the people of the city of New York.

"I trust that the convention will nominate someone who is not a mere dealer in the political common places and jingles of the last 25 or 30 years, but who has kept pace and grown with the times, and whose absorbing purpose will be to make the government of the State, in all its branches, general and local, intemgent, honest and

YOUNG ATTORNEY IS A SUICIDE

Emmet Blackmore, of Warsaw, N. C., Found Dead in His Bed at Lenoir, Having Taken Carbolic Acid—The Remains.

(By Long Distance Telephone.)

Goldsboro, N. C., Sept. 26.—Emmet Blackmore, 24 years of age, son of Mr. and Mrs. R. W. Blackmore, of Warsaw, N. C., and a promising yonung attorney of Lenoir, N. C., was found dead in his room at the latter place at an early hour this morning as the result of having drank carbolic acid during the night.

A note was found in the room with the young man expressing his purpose to commit suicide but assigning no reason for the deed. Mr. Blackmore, after completing his law course, was admitted to the bar in 1908 and went to Lenoir to engage in the practice of his profession where he had been engaged ever since. Upon the finding of the body this morning, relatives of the young man at Warsaw were notified this morning and they are here tonight on their way to Raleigh to meet the remains and convey them to Warsaw for burial tomorrow. Among the number are a brother of the deceased, Hon. Rivers D. Johnson, of Warsaw, and J. O. Carr, Esq., of the Wilmington bar, who was on his way to Raleigh for the Supreme Court when he heard of the sad death of his former countyman. The sympathy of a great many friends goes out to the bereaved ones in the sorrow which has come to them.

POLICE AND STRIKERS CLASH.

Series of Pitched Battles at Berlin—Sormed Fire Station.

Berlin, Sept. 26.—The police and coal strikers had a series of pitched battles tonight in the Moabit precinct. Fifty strikers were wounded by revolver shots and sword thrusts during police charges. Twenty of them were taken to the hospitals severely injured.

A very large number of police, totaling 40 or more, also were wounded some of them badly, while protecting strike breakers.

About mid-night thousands of strikers stormed the fire station and the Reform Church in Buessel-Strasse, wrecking the windows and doors. The police were compelled to charge repeatedly and to use severe measures. They are bivoucking in the streets throughout the night.

HYDE FARMER DEAD.

Passed Away in Washington, N. C. Hospital on Sunday.

Washington, N. C., Sept. 26.—Mr. William H. Jones, of Lake Landing, Hyde county, died at the Washington Hospital Sunday of cirrhosis of the liver. Deceased had been a great sufferer for some time and for the past month had been confined in the hospital for treatment. He was between 50 and 60 years of age and was held in highest esteem. He was one of the largest and most prosperous farmers in Hyde county and leaves a widow and one daughter to mourn their loss The remains were taken to Swanquarter last night and from Swanquarter they will be carried to Lake Landing where the funeral will take place today.

NEW YORK STATE CLANS GATHERED

"Shall Roosevelt Rule?" Principal Issue at Saratoga Convention Today.

POLITICAL UNREST YESTERDAY

Forces of Teddy and Sherman Are Ready for Battle Royal—Griscom Making Claims for Ex-President—Situation.

Saratoga, N. Y., Sept. 26—By a vote of 22 to 15 the Republican State Committee at a special meeting tonight reaffirmed its selection of Vice-President Sherman over Roosevelt as temporary chairman of the State convention which convenes tomorrow.

This action, a victory for the old guard, was taken after Vice-President Sherman had created a sensation with a letter asking that the committee investigate the charge that his selection as temporary chairman was brought about through trickery and stating that if the charges were substantiated he would not serve.

After a heated argument in which the leaders of both the old guard and the progressives gave sharp expression of their convictions, the committee by a vote of 22 to 15, resolved "that Mr Serman be informed that his selection was made without misrepresentation as an answer to his letter."

At times the arguments waxed so bitter and acrimonicus that to save what appeared to threaten an unfortunate situation, Representative B. Sloat Fassett, moved that the whole matter be laid on the table. But this was voted down, the old guard leaders declaring it to be an attempt to gag them and prevent those members who voted for Vice-President Sherman from explaining their votes.

The committee had scarce gone into session when Chairman Woodruff announced that he had a letter from Vice-President Sherman which he read.

The reading of the letter brought William Barnes, Jr., of Albany, leader of the old guard, to his feet with the remark that he had read the statement attributed to Chairman Griscom, of the New York county committee, to the effect that Mr. Sherman's selection at the meeting of the committee on August 16th had been procured through trickery and fraud. Then turning to the New York members, Barnes said:

"I suggest that if Mr. Griscom has any information warranting his charges against the twenty members of the State committee who voted for Mr. Sherman that he make it known here and now."

Herbert Parsons, former chairman of the New York county committee, who was in the meeting as a proxy and bore the brunt of the subsequent debate for the progressives, met Mr. Barnes' words with the suggestion that the inquiry take in all the members of the committee and not be confined to those who voted for Mr. Sherman in order to determine what information or misinformation was given to influence their votes.

Barnes responded that Parsons' remarks were not germane to the question and pointing his finger at Griscom demanded to know what basis he had for the information given by him to the press.

"The name of Mr. Sherman was not known to any member of the New York delegation as prospective chairman of the convention in advance of the meeting," said Mr. Griscom, speaking with emphasis. "In my case, I was not informed of the intention to elect him until within fifty minutes of the beginning of the meeting. I informed Mr. Wadsworth that I did not think it wise to take such action. It had been stated in the papers that ex-President Roosevelt was going to the convention as a delegate and I believed that the proper place for a former President was on the platform. I informed Mr. Wadsworth that I thought the proposed action unfair and that if Mr. Sherman's name were presented to the committee without consultation among any large number of members, I would oppose it and put up the name of Col. Roosevelt. I also told Mr. Ward the same thing. I understood from Mr. Ward that President Taft approved of Mr. Sherman's selection, which I thought strange, inasmuch as President Taft had told me but a few days before that he favored consultation with Col. Roosevelt in all matters pertaining to the Republican party in New York state. I have stated that the meeting was surrounded with deceit, and it certainly was so far as I was concerned."

Several New York county committeemen backed up Mr. Griscom in his assertion that Ward had indicated that President Taft had favored Mr. Sherman for the chairmanship.

Chairman Woodruff interrupted to say there must have been some misunderstanding all around, for nothing had been said to indicate that the President had been consulted.

At the instance of Barnes, a poll of the committeemen was then taken in which a member arose and said in effect that he had not been deceived in casting his vote for Sherman.

Chairman Woodruff declared: "I never knew that Col. Roosevelt's name was to be presented until Mr. Griscom arose in his place and announced it."

Mr. Dady, of Brooklyn said: "If Col.

SPECIAL CONTEST OFFER LASTS FOR TWO WEEKS.

Now is the Time for Contestants and Their Friends to Put Forth Extra Effort--Some Pointers Given by the Manager--Build up Reserve.

Two weeks from the past Saturday night, the great special offer of the Star's contest will be over. Accordingly, it behoves everyone to take advantage of this grand opportunity to secure enough votes to make sure of her being a winner. Every one who has promised a contestant to take a subscription should do so now, as something might interfere later which would deprive the contestant o fthe subscription until after the special offer had expired. The contestant would then loose the benefit of the special club offer, and might easily enough lose the contest on that account.

The club offer consists in turning into the contest department $30 in new subscriptions of four months or over, and receiving in return 35,000 extra votes.

A good point to remember is that a subscription can be secured a great deal easier now than it can after this club offer is over. Why? Because you have something extra to work for, because 35,000 extra votes will certainly be an important factor in making you a winner of the prize that you are striving for.

It is not necessary to stop at one club. If you are fortunate enough to be able to secure two, go after a third, because if you intend to be a winner in this contest, it behooves you and your friends to exert every effort now.

The contest department will furnish each and every contestant with club slips that can be used in turning in more than one subscription at a time. However, contestants do not have to have these slips to turn in their subscriptions as the contest department will keep an accurate account of all subscriptions turned in that amount to four months or over, and as soon as the amount reaches $30 an extra slip will be issued, giving the contestant the bonus to which he or she is entitled.

If there is anything that a contestant does not understand in regard to this special offer, or in fact, in regard to any part of the contest, all that is necessary is to write the contest manager and information will be forthcoming.

Concentrated effort is needed to make the winner in this, the greatest contest ever inaugurated in this part of the country. Literature can be had for the asking, and receipt books will be sent upon request, and votes returned or voted as soon as received.

It is not necessary for contestants to turn in their votes immediately, but subscriptions should be turned in as soon as possible. On each subscription received at the contest department, a certificate will be issued which is called a vote slip. The vote slip may be held back until the last day of the contest if the contestant desires. It is a good idea for each and every contestant to hold back a certain number of votes, and use the same as a reserve, because the reserve votes in this contest count just as much for a contestant as does a bank account to a merchant.

The votes on these clubs may be held until the last day of the contest, or may be cast at any time after the 1st of November, for by being able to hold back their votes, nobody will have any idea as to how they have worked, and how many votes they have to their credit.

BRUNSWICK SUPERIOR COURT.

Will Convene This Morning at Southport—Town Creek Cases.

William J. Bellamy, Esq., of the Wilmington bar, returned yesterday from Southport where he went in connection with the opening of Brunswick Superior Court which will formally convene this morning, Judge Allen presiding and Solicitor Sinclair looking after the interests of the State. Both have arrived and have the docket in good shape for the week's work.

Two cases of most interest at the term go up from Town Creek, just over the river in Brunswick. One is that of a colored man named Butler and a colored woman implicated in the shooting of a young negro named Cromwell at a festival a week or two ago. Strange to say Thornwell's mind seems to be a complete blank since the shooting, he having been shot in the head. Though he is up and about, the wound seems to have left him a mental wreck.

Another interesting case went up from Town Creek yesterday when Wm. Keetor, a small farmer of the community, was given preliminary trial before Esquire Jackson Johnson and bound to higher court on the charge of the larceny of a set of harness from Mr. R. F. DeVane, of Red Springs, president of the Town Creek & Brunswick railroad building through that section. Mr. DeVane drove to Wilmington some days ago and left his turn-out at the ferry house across the river. When he returned the harness was missing. Yesterday he came upon a horse of Keeter's with the harness on. He immediately swore out the warrant before Mr. Johnson and Keeter was arrested by Constable London Lewis. All the harness was recovered except a bridle and breast strap. A search warrant was issued for the latter articles, the bridle having been recovered. In default of bond; Keetor was taken to jail at Southport by Constable Lewis last night

CUTTING AT MACOMBERS.

Negro Boldly Slashed at Dance in Progress There.

There was a colored festival at Macomber's last night and a party of colored people of this city secured a special car to convey them to the place and return. The conductor in charge of the car, in telephoning to transportation headquarters in this city, to inquire if the track was clear so he could make the return trip, stated that a negro had been badly cut in the dance hall at Macomber's and the impression there was that the man was mortally wounded. He stated that the wounded negro was being brought to the city in a carriage from Macomber's Officers were at 17th and Castle streets to meet the car when it arrived at an early hour this morning, hoping to find the negro who did the cutting aboard, but it seems that he was wise enough not to attempt to come to the city, for the officers could not find him among the passengers. It seems that the negroes who witnessed the cutting could not give the name of the negro who used his knife with such telling effect, but telephoned officers here soon after the trouble that they knew him by sight. The wounded negro was sent to the hospital.

DR. LUCAS FOR LEGISLATURE.

Many Voters of Pender Urge His Name Before Precinct Meetings.

To the Democratic Voters of Pender County:

We realize that each and every county in the State should have a strong, able and efficient representative in the General Assembly of 1911-12 and we desire to place before the different precincts or township meetings which are to be held Saturday, October 1st, and the convention Monday, October 3rd, 1910, the name of Dr. Geo. F. Lucas, of Currie.

THE RECORDER'S COURT.

A Number of Cases Heard at Yesterday Morning's Sitting.

Owing to the fact that Superior Court is holding forth at the Court House, the sessions of the Recorder's court for the next three weeks will be held at police headquarters in the basement of the City Hall. The usual number of Monday defendants were before the Recorder yesterday morning, but none of the cases was of any special interest.

Arthur Beaty, colored, for assault and battery upon Ella Nixon, colored, was assessed $5 and costs. Edward Davis, a white man, was tried on the charge of disorderly conduct and resisting an officer. He was declared not guilty of the latter charge and for disorderly conduct he was required to pay a fine of $5 and costs. Bud Swann, a white man, was assessed $5 and costs for disorderly conduct. Isaiah Ballard, J. Outler, Thomas McGhee and Ben Myers, colored, charged with gambling, were required to pay $5 each and the costs. They were arrested at an early hour Sunday morning in the eastern part of the city. A case against Walter Guion and Moseley Brown, colored, charged with an affray, was continued until today. In the case of Lou Berta Mock, colored, who was tried Saturday on the charge of stealing a dog chain, collar and badge, the Recorder announced his decision, sentencing the defendant to 60 days at the county farm.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: George Rountree, Esq., and wife to Dr. Edward J. Wood, for $500 and other considerations, lot on east side of Third, 88 feet south of Nun street, 44x65 feet in size; also a lot on south side of Nun, 120 feet east of Third street, 10x88 feet in size to be used as a perpetual alley for all adjoining property owners. This is the residence now occupied by Mr. Rountree, who is building a handsome residence at Carolina Heights. Mary J. Macon to G. D. Barnes, for $10 and other considerations, lot on northeast corner of 11th and Wooster streets, 33x100 feet in size

Buys Valuable Tract of Land.

Mr. W. G. A. It is very valuable property. The deed was filed for record some days ago.

GOV. HASKELL ON TRIAL.

Muskogee Town Lot Cases Called at McAlester, Okla., Yesterday.

McAlester, Okla., Sept. 26.—Quick action today attended the opening of the trial of Charles N. Haskell, governor of Oklahoma, and other defendants in the Muskogee town lot cases. Within a few hours, a jury was selected and sworn and the government announced its readiness to proceed.

S. R. Rush, of Omaha, special assistant to the attorney general, and District Attorney William J. Gregg, tomorrow will make the opening statements.

The cases against Albert S. English and F. B. Severs, both of Muskogee, who were indicted joinly with Haskell, were dismissed, the government announcing that they would be tried under another indictment.

W. T. Hutchings, an attorney, and Charles W. Turner and Walter R. Eaton, are to be tried with Governor Haskell on a charge of conspiracy to defraud the government in the sale in 1902, of about six hundred town lot sites in Muskogee.

Under the terms of the sale, persons holding "possessory rights" to the property were each entitled to purchase at one-half the appraised value one town and one residence site. It is charged that Haskell and his associates falsely administered the names of people, having no such possessory rights, and by the payment of small fees for the deeds, obtained possession of 600 lots, thus depriving the Creek Indians, who owned the land, out of a fair profit.

The names of persons living in Eastern and Southern States, it is charged, were used for this purpose without their consent. These persons have been summoned as witnesses for the government.

Additional interest is being taken in the trial because the government's position as guardian of Indian property. As soon as the case was called, Federal Judge John A. Marshall, of Utah, intimated that later he would give the defense an opportunity to argue for a dismissal of the charge against Gov. Haskell.

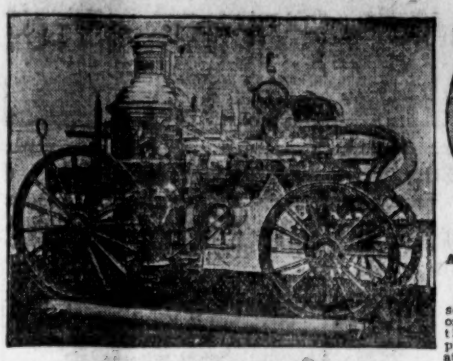
A Fire Fighter's Astounding Story

OF THE UNPARALLELED MERITS OF "BLOODINE"



ENGINE WHICH MR. GLAZIER RUNS.

HARRY A. GLAZIER

A Prominent Fireman of Malden, Mass., writes:

Mar. 28th, 1903.

Last winter I had a severe cold and it settled on my Kidneys, causing the most excruciating pain almost every time I attempted to move; I had tried everything imaginable to get relief, with no success, until I was advised to try "Bloodine," which to my great surprise, gave me relief almost from the first dose, and before I had taken one bottle I was completely cured. "Bloodine" is a wonderful, vitalizing tonic. If the blood is impure, complexion bad, appetite lost, strength gone, and the whole system is upset by an accumulation of humors, it is time to try "Bloodine" today.

Signs of Danger.

Backache, dizziness and headache, "specks before the eyes," irregular heart action and liver trouble. The severity of the early symptoms depending upon the amount of poisons which the kidneys have allowed to remain in the system.

SYMPTOMS.

Aching Pain Over Hips, Backache, Sediment or Deposit in Urine, Irritation of the Bladder, Pain in Urinating, Rheumatism (uric acid in blood), Sudden Stopsage of Urine, Highly Colored or Milky White Urine, Pass Blood or Mucous in Urine, Retention of Urine, Straining After Urinating, Thick or Sluggish Urine, Stone in the Bladder, Cystitis (Inflammation of Bladder), Catarrh of Bladder or Bowels, Puffiness Under Eyes, Voracious Appetite, Thirst, Gall Stone, Gravel, Pain in Urethra, Swollen Ankles, Dimmed Vision, Specks Before the Eyes, Scanty Urine, Frequent Calls, Mouth Dry, Biliousness, Dribbling, Lumbago, Weakness, Loss of Flesh, Irregular Heart Action, Ulceration of the Bladder, Skin Pale, Waxy and Dry, Bad Odor of Perspiration.

SIMPLE TEST FOR KIDNEY DISEASE.

Fill a bottle with urine; let it stand for twelve hours; if there is a sediment or cloudiness of any kind you have kidney or bladder trouble, and your should commence taking Bloodine to-day. Dont wait until the disease is too far advanced.

Bloodine costs 50c a bottle for the usual $1.00 size. Mail orders filled. Large sample bottle by mail 50c.

MARSHFIELD, VT., Sept. 2, 1904.

THE BLOODINE CO., Boston, Mass.

Gentlemen:—I received one of your books, yesterday. I have been a great sufferer for thirty-three weeks, passing bloody water, have been to the hospital, have had four different doctors. They called it most everything, and I got no better. Please send me a sample bottle of your Bloodine for which I enclose ten cents in stamps to pay for same. If it will do me any good I will take it the rest of my life.

Signed, MRS. OCTAVIA E. CARPENTER.

MARSHFIELD, VT., Sept. 14, 1904.

THE BLOODINE CO., Boston, Mass.

Gentlemen:—I received your trial bottle of Bloodine. That was not enough to do much for me, for I am very bad and weak, passing quite a lot of blood. Now, if you think that Bloodine will help me, you may send me one dollar's worth. I think by the time I take that I can tell if it will do me any good.

Signed, MRS. OCTAVIA E. CARPENTER.

MARSHFIELD, VT., Oct. 22, 1904.

THE BLOODINE CO., Boston, Mass.

Dear Sirs:—Please send me six bottles of Bloodine. It has done me a world of good; it has stopped the hemorrhages; and I am feeling much better.

Respectfully,

Signed, MRS. OCTAVIA E. CARPENTER.

THE STATE NORMAL.

Began Its Nineteenth Year Most Auspiciously—The Enrollment.

(Special Star Correspondence.)

Greensboro, N. C., Sept. 26.—The State Normal Industrial College began its 19th year of work on Sept. 19. The opening of the college this year is more auspicious than in any former year for two main reasons. One of these is the fact that the proportion of former studens returning for further work in the college is much greater than it has ever been before. This year about 325 former students returned while last year there were only 250, the whole number of students remaining the same. This means a great deal to the college in that it makes the student body much less unwieldy to work with. For the large number of students having grasped the spirit of the institution and its methods of procedure are able to make the work of the various departments progress more evenly and to bring such influence to bear on the new students that these fall more quickly into the attitude of mind required of them. This larger proportion of former students means, too, and a great thing it is, that the young women of North Carolina are feeling more and more the necessity of completing the full course of studies so that they may be properly equipped to train the young minds of the children entrusted to them in their teaching.

A second factor which makes the opening of the session most favorable is the fact that the new students are better prepared than any former body of new students to enter upon their work in the college. Applicants for admission to the college are being held as far as practicable, to the regular entrance requirements for all the leading colleges of the East as established by the Board appointed for that purpose. Students are prevailed upon to finish their work in their preparatory schools before coming to the normal school. In doing this they lessen the burden of preparatory work which unnecessarily taxes the various departments of the college taking the time and energy of the teaching force always in demand for the regular college work; and the minds of these students when they come to the college are better ready to enter into the new methods of work.

Directly or indirectly at least 200 applicants for admision to the college were refused on account of lack of room. The whole number of students enrolled is about 540. Ninety of the 215 new students were entered from accredited schools.

NEWS OF WHITEVILE.

Tobacco Season Closes—Refreshing Rains—The New Highway.

(Special Star Correspondence.)

Whiteville, Sept. 26.—The tobacco business is winding up and the buyers are leaving. They will go to Virginia, where the market next opens. Taken as a whole, the season has been very satisfactory. While the market opened very low, later on prices advanced and growers received satisfactory returns. The tobacco this year was very light, owing to the continued rains washing off the gums from leavse, but the prices paid toward the end made up for the difference. Next year the tobaco acreage will be considerably increased in this county, as growers say there is more money in the weed than even 15 cents cotton. On the other hand, many fields of strawberies are being plowed up.

Parties in Whiteville Friday report a sever hail storm in the Mollie section the day before. Crops were not seriously injured except turnips, and which were beaten all to pieces.

We had Friday and Friday night a heavy rainfall, and which was just what farmers needed to help small crops and swell out cotton bolls. The rain was worth more to crops than any that has fallen during the year, so farmers say. The streams are all high.

Mr. D. P. High, one of Whiteville's oldest and most honored citizens, who has been confined to his bed so long, has another severe attack and his many friends are apprehensive of his condition.

The people of this county are enthused over the Charlotte-Wilmington highway, and everybody is working and pulling for it. This is one subject on which the Democrats and Republicans are united. Our citizens are anxious to see work started. Mr. Clyde Council, who is at the head of the movement in Columbus, is certainly the right man in the right place.

ROCKY POINT ITEMS.

Personal and Other News Notes From Pender's Garden Spot.

Rocy Point, N. C., Sept. 26.—Mr. Tom J. Armstrong leaves these parts for Yale College. He will be much missed——Miss Mary Martha Bishop who has for the past three months visited Mr. Geo. T. Jones, her grandfather, leaves for Bristol, Tenn. where she will attend Sullin's Female College——Mrs. M. A. Lucas is off teaching at Fairmont, N. C.——Rev. Mr. Harrell has been called to preach at Riley's Creek Baptist Church.

The grape crop is large this season. Market now only 75 cents for good ripe scuppernongs. Your scribe is perimenting with the following varieties, scuppernong, James Mersch, Flowers and Thomas. The latter is decidedly the finest grape I have ever eaten and the juice therefrom at a twelve month age is simply superb. The memory of its bouquet dwelleth long and lingereth long on the palate. Its hull is of paper thinness, grows in clusters for table and for shipment.

A. & M. FOOTBALL.

Champion Squad Is Now Down to Hard Work.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 26.—Football prospects continue to grow brighter each day as Coach Green is putting the team through hard signal practice, running down under the ball, receiving punts, tackling the dummy and finishing up the day's work with 10 or 15 minutes of hard scrimmaging. Young H. M. Cool, of Southport, who played high school football in Cleveland, Ohio, last winter, where he made an enviable reputation, is showing up especially well in the backfield. He does not weigh oved 160 pounds but hits the line like a 200-pound man. He is very fast and is outdistancing all of his competitors in punting. His hard, steady work is going to make some of the old men work mighty hard to hold their positions. Big Lonnie Davis, all South tackle in 1909, is expected any day. He will add tremendous to the line, in fact, to the whole team, as he weighs 235 pounds and is very fast for so large a man. In last Thanksgiving's game with V. P. I. he made gain after gain for the Red and White whenever given the ball and could always be counted on to get his man.

MAXTON NEWS NOTES.

Personal and General Items From Robeson County Town.

(Special Star Correspondence.)

Maxton, N. C., Sept. 26.—The election passed off very quietly here; did not hear of any disturbance at all.

Mr. W. C. Hamer, of the Old Fork, got caught in his gin last Tuesday and his arm was so badly cut it had to be amputated.

The Merry-Go-Round Book Club has come out of camp, and they are now preparing their programme for another year. The first meeting of the new year will be held next Friday afternoon, with Miss Virginia Everett.

Mrs. McKeen Moffitt, of Charlotte, is spending a few days in town, the guest of her mother, Mrs. Walter Henderson.

The first show of the season, "Human Hearts," was played in the Opera House Saturday evening.

Dr. A. P. Tyer, who has been assisting in a protracted meeting at Red Springs, has returned home and will fill his appointment at St. Paul's M. E. church Sunday.——Mr. McCall, of Bennettsville, S. C., has accepted a position in the dry goods store of Messrs. Walker & McQueen.——Dr. L. R. Kirkpatrick is moving into his handsome new home on the corner of Saunders and Elm streets.

CONSUL DIES AT NAPLES.

Casper S. Crowninshield, American, Passed Away Yesterday.

Naples, Sept. 26.—Casper S. Crowninshield, the American consul here, died today.

Casper S. Crowinshield was appointed from the District of Columbia first as consul at Castellamare Di Stabia in 1906 and the year following as consul to Naples. He was the son of the late Rear-Admiral A. S. Crowninshield. He married at Naples Miss Grace Snelling, daughter of Mrs. Edward Snelling, of New York.

Consul Crowninshield was active in relief work after the Messina earthquake, and for this received a testimonial from the city of Naples.

AVIATOR CHAVEZ MAY DIE.

Peruvian Who Made Alps Flight May Not Survive Injuries.

Domodossola, Italy, Sept. 26.—Grave fears are now entertained over the recovery of George Chavez, the Purvian aviator who made a flight across the Alps and was injured while landing at this place. Chavez, who suffered several fractures, and who is believed to be injured internally, spent a bad night. Grand general depression was noted and the eminent specialist, Dr. Bozzoli, was summoned and examined the patient today. After a long consultation the attending physicians declared they were unable to express an opinion as to the outcome.

HAL CHASE WINS OUT.

Appointed Manager of New York Americans, Succeeding Stallings.

New York, Sept. 26.—Hal Chase was appointed manager of the New York Americans by President Frank J. Farrell today, to succeed George T. Stallings, deposed. Mr. Farrell wired Chase to take charge of the team this afternoon after Stallings had been paid up in full to the date of the expiration of his contract. Stallings has nothing to say regarding his removal from the management of the team and has no immediate plans for the future.

Chase, the Highlanders' new manager, has been with the club since 1905.

"Throw out the Life Line"—
The kidneys need help.
They're overworked—can't get the poison filtered out of the blood.
They're getting worse every minute.
Will you help them?

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Will cure any form of kidney trouble.

Mrs. J. A. Boykin, 514 Princess St., Wilmington, N. C., says: "For a long time I was a sufferer from backache and rheumatic twinges in my limbs. I could not stoop or lift without pain, in fact, I was in misery all the time. Nothing seemed to give me any relief and when a friend told me about Doan's Kidney Pills, I procured a box from Robert R. Bellamy's drug store. Soon after taking them I could see that they were helping me. The backache and rheumatic pains entirely disappeared and I felt much better in every way. I am pleased to recommend Doan's Kidney Pills to other people bothered in a similar way."

AUTOMOBILE FATALITY.

Another Mortally Injured in Mile-A-Minute Plunge.

Hastings-on-the-Hudson, N. Y., Sept. 25.—At a rate of speed believed to have been in excess of a mile a minute, a large roadster automobile, containing two young women and two young men, plunged through an iron picket fence and over an 18-foot embankment in this village at 2 o'clock this morning. One young woman was killed the other was mortally injured and the two men were torn and bruised. The injured are in the Dobbs Ferry Hospital.

Mis Marion Morgan, 25 years old, of 42 West One Hundredth and Thirty-ninth street New York, was pinned back being broken, and she died within half an hour.

The injured are:

Miss Mary Mullen, 25 years old, of 517 East One Hundred and Forty-sixth street, New York; left arm and shoulder broken and internally injured. She will die.

William O'Brien, 30 years old, of 302 East One Hundred and Thirty-ninth street, New York; left arm, collar bone and shoulder-blade broken.

Robert Reilly, 28 years old, of 791 Prospect avenue, New York; chauffeur; left arm broken.

From members of the families of the victims and from several persons who were first on the scene of the accident the authorities were able to learn a connected account of the tragic pleasure ride in the automobile owned by the Wilsox Distillery Company, of New York employers of the chauffeur, Reilly.

It was the first time Miss Morgan, the young woman who was killed, had ever ridden in an automobile, and she consented to accompany Miss Mulleen and the two men, all of them old acquaintances, only on condition that the party return to her home in New York before mid-night. Miss Morgan leaves a widowed mother, two sisters and four brothers.

THIRTY BUILDINGS BURNED.

Destructive Fire at Chestertown, Md. —Appeal For Assistance.

Chestertown, Md., Sept. 26.—Fire which started at 7 o'clock tonight in Charles Satterfield's blacksmith shop burned 30 buildings, including the express office, the telephone building and merchantile establishments. A rough estimate places the loss at $75,000. Wilmington, Del., has been appealed to and engines from that city are understood to be coming. At ten o'clock tonight the fire was not yet under control.

FATHER LAMBERT DIES.

Old-Time Religious Controversialist Has Passed Away.

New Foundland, N. J., Sept. 26—The Rev. Louis A. Lambert, one of the last of the old-time religious controversialists, died here last night of general debility. He was 76 years old.

Born in Charleroi, Pa., Fathem Lambert was educated in St. Louis, ordained at Alton, Ill., and becoming chaplain of the Eighteenth Illinois volunteer infantry, saw service in the Civil War. Subsequently he taught moral theology and philosophy at the Paulist Novitiate in New York city.

A CHARTER FOR RAILROAD.

Extends From Roanoke, Va., to Mt. Airy, N. C.—Sibert President.

Richmond, Va., Sept. 26.—A charter was issued here today for the Roanke and Mount Airy Southern Railway, which is to extend from Roanoke, Va. to Mount Airy, N. C., through the counties of Roanoke, Floyd, Carroll and Patrick, in Virginia, and Surry in North Carolina. A. L. Ssibert, of Roanoke, is president of the company.

Meridian, Miss., Sept. 26.—The striking clerks on the New Orleans & Northeastern, the Alabama & Vicksburg and the Vicksburg & Shreveport Railroads, are standing firm in their demands for an increase in wages shorter hours, etc. The railroad officials have brought in twenty men mostly from the general offices in New Orleans. They claim freight will begin to move this afternoon and that normal conditions will prevail by the middle of the week.

Richmond, Va., Sept. 26.—The Republican District Committee met here today in response to a call from C. Ridgeway Moore, as chairman, thus settling apparently for the time being at least, a dispute regarding the chairmanship between the local "old guard" and "progressives" in favor of the former. The committee mapped out a plan of campaign in behalf of W. R. Vawter, of Henrico County, the Republican nominee for Congress.

SHOE MAKING FACTS

No. 2

CRADDOCK

Vamps, Stays, Tops

We've told the story of Craddock soles and counters and heels—how honestly they are made of the very best leather that money can buy. You can understand now why some shoes break down after a few weeks wear and one or two unfortunate wettings, and why Craddock Shoes are called Long Wear Shoes.

Craddock vamps and tops and linings have their share of the bumps and strains to stand and that they do stand them is because of our care in the selection of the skins and the careful cutting of each shoe part from the best part of the hide adapted to its use.

Craddock Vamps (7) are cut from the "heart" of the hide, the toughest part of the whole skin. The tops (8) are cut from the next toughest parts—the soft, spongy flank leather is never used.

The back stays of a shoe (9) are small parts but very important. They take an enormous amount of strain. Craddock stays are selected from small pieces of the very choicest part of the skin.

You wouldn't think that any shoemaker would scrimp on linings—but they do. It only takes a little piece—it ought to be of the best, but if a fraction of a cent is saved on every pair it will amount to hundreds of dollars in a year. Craddock linings are of the strongest duck—even away down inside where you can't see. There is no seam in the toe to raise the mischief with your feet.

Go to the Craddock dealer in your town and talk shop with him. When you once know the Craddock shoe—you will have found your money's worth of wear—style—comfort.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Congrssman Boutell, incorrigible standpatter, of Illinois, was defeated by an insurgent a few days ago. Mr. Boutell says: "I place no feliance in a direct primary." It is hardly necessary to remark that Boutell went up against a direct primary when he hit the celling. He was fairly and squarly defeated but he announces that he will run in the general election as an independent. Illinois Democrats don't care if he does.

Congressman Humphrey, of the State of Washington, the ship subsidy bill man, has gone against the rocks in an effort to land a renomination. The insurgents steered him through the breakers and now the subsidy man will subside. Ill-informed ship subsidy newspapers of North Carolina should note that Humphrey got the bump in the State that is ambitious to become the greatest maritime State on the Pacific.

The action of the Grand Army of the Republic in stifling the spirit of intolerance manifested in some of its posts concerning the statute of General Robert E. Lee in Confederate uniform, among the statutes of other famous Americans in statuary hall in the National Capitol, was so confidently expected, it is only necessary to place the G. A. R.'s action on record as evidence that the organization is made up of soldiers and not camp followers.

HOW TO MAKE WILMINGTON.

"Manufacturing is the thing to bring population and wealth to Wilmington."

Nothing truer than that was ever said It is the keynote for an industrial movement which should begin in Wilmington at once—not later, but now What we have quoted was said by Mr. E. C. Holt, president of the Delgado Cotton Mills of this city. It is a self evident proposition, but it comes from one who knows what he is talking about and whose success as a manufacturer enables him to speak from experience. It comes from one who speaks from practical knowledge and the statement is made by one who is one of the best of authorities on the subject of manufacturing—what it means to a city, what it will accomplish and what its value is as an asset in city building.

The remarks made by Mr. Holt are taken from an interview with him, published in the second section of the Star Sunday. It is to be hoped that every man, young and old, in Wilmington, has either read or will read that interview. It was to the point and we are sure every man interested in the progress of Wilmington will be benefitted by reading what Mr. Holt says so clearly and impressively. Every practical man will recognize the importance of his observations and suggestions, and the beauty of it is that he does not present a theory but talks plainly about what has been done and what can be done in Wilmington and for Wilmington by manufacturing enterprises. If you have not read that article don't miss it, because it is of practical value and should be acted upon in a united effort to make of Wilmington what she ought to be and what she will be if our business men and citizens will put their shoulders to the wheel.

Mr. Holt in his interview discusses the need of new industries in Wilmington and his talk was a practical discussion along the line of town development This subject is receiving widespread attention throughout the South and Mr. Holt has contrbuted to that discussion what should result in great benefit to Wilmington.

He not only demonstrates town development in this State and others by means of manufacturing and industrial enterprises, but presents us an object lesson right in our midst. That object lesson is the Delgado Cotton Mills, of which he is president, and which is now scoring a success that is gratifying to Wilmingtonians. The importance of that enterprise to Wilmington in only one particular will be realized when it is stated that the company now pays out to labor $85,000 a year. This means the distribution of more than $7,000 every month, and a score of industries having a similar payroll would mean just that much more to the trade, prosperity and development of Wilmington along many lines.

More industries with payrolls like the Delgado Mills would mean an addition to the population of Wilmington. It would mean a great increase in the retail mercantile business of the city. It would result in quickening the real estate market and in the building of more homes. Manufacturing simply will mean more people, more money and more business in hundreds of ways that it is not necessary to mention. All of that would mean a bigger and more prosperous city. New industries of various kinds would make every man, woman and child of earning capacity a valuable asset to the community. As rapidly as new industries are added it would mean an influx of more people and a steady development as a consequence.

Successful industries like that of the Delgado Mills not only give employment to the working people and put their wages in circulation, but they employ capital and distribute dividends on the capital so employed. That means an increase of wealth and, as Mr. Holt points out from experience, it demonstrates that capital can be profitably employed in manufacturing in Wilmington. The Delgado Mills furnish proof of that. Practical demonstrations like that will not only bring more population to Wilmington, but it will bring more capital.

A careful and earnest perusal of the interview will be an inspiration to citizens of Wilmington anxious to develop the city. Those who read his interesting remarks will be convinced that manufacturing is not an experiment in Wilmington but a success. He gives several notable illustrations of the marvelous growth of other cities, and what has been done in them can be done in Wilmington with the same splendid result in development. In fact, what has been done by the Delgado Mills can be duplicated here many times over. Wilmington also has other prosperous industries which demonstrate their value to the city and the object lesson which they furnish should be all that is necessary to induce our moneyed men to get busy and invest their capital in profitable industries. There are many of them and if the business community will unite in the purpose and determination to make Wilmington a manufacturing city they can easily ascertain the line of industries for which there are possibilities here.

A city, to make progress, must have a basis for growth. No city was ever built that did not spring up or come into existence in response to a demand for it. The growth of cities, however, can be accentuated by the enterprise and industry of its people. Substantial growth must be based upon resources. In our harbor and the ocean we have the resource for commerce. In our forests and in the trucking and farming regions we have resources that contribute to the development of Wilmington. Our export business, our trucking business, our lumber interests, our naval stores business, our peanut business, and all the allied and mercantile enterprises contribute their share to the prosperity and growth of Wilmington, but there is one great need for the more rapid and substantial development of the city and that need has been emphasized in a pointed way by Mr. Holt.

Don't go to sleep over what a practical man and successful manufacturer suggests. Don't dream over the demonstration of our opportunities. Get together and do something under the inspiration of the successes pointed out by Mr. Holt.

BETTER THAN AN ORANGE GROVE

Eastern North Carolina is the native heath of the scuppernong grape. It is a delicious table grape gut far mare famous for the manufacture of wines and jellies with a flavor and bouquet unrivalled by that of aoy other grape. Surely one of the posibilities of the future in this part of North Carolina lies in grape culture, for which the soil and climate are admirably adapted. One of our greatest possibilities for wealth is contained in the russet scuppernong.

Growing the scuppernong is getting to be quite an industry in the section around Wilmington. There is a lively demand for every bushel of the delicious scuppernong that can be produced. Wine manufacturers have discovered the great value of this unrivalled Carolina grape, and that demand for them for making wines has been an incentive to a larger production of grfapes in the country. Messrs. Sol Bear & Co., of Wilmington, manufacture thousands of gallons of fine wines and their winery has induced the farmers of the various counties in this section to plant scuppernongs. The old vines are producing rich harvests and the young ones planted three years ago are now bearing and making the industry notable. Other wine manufacturers are also in the market for scuppernongs, and there is ready demand for a hundred times more grapes than are produced at present. The competition for this splendid wine stock is so sharp that big prices are being paid and the growers of scuppernongs would not swap profits with a Florida orange grower. The fact is, there is no limit to the demand for the scuppernong and never will be any more than there is for the luscious oranges of Florida. However, an acre of eastern North Carolina land planted in scuppernongs will yield more profit than a Florida acre planted in oranges.

The russet scuppernong is now being marketed and is turning in many an extra dollar to the growers. This money is like "getting money from home," because after the scuppernong is planted it requires little attention till the fruit is gathered and marketed. The harvesting part of it is so easy that it is fun for the "kids." When a scuppernong vine begins to produce it yields more and more every year and its life evidently will compare with that of Methuseleh. The parent vine on Roanoke Island is 300 years of age and is still doing business. Once planted, the scuppernong requires little attention. The fact is, some people do not pay any attention to them at all, but they yield from 125 to 500 bushels per acre. What they would do with systematic culture no one knows. There seems to be few insect enemies of the scuppernong and while sometimes the crop is short a total crop failure has never been known.

During the past week the wine manufacturers have been paying $1.10 per bushel for scuppernongs and the Star's correspondent at Whiteville writes on Saturday that "the scuppernong grape business is now on and from 250 to 700 bushels are shipped daily." Last Thursday two solid carloads were shipped from Vineland, and when it is realized that from $250 to $700 a day are being distributed in that section for scuppernongs which costs little more than the gathering and the hauling, it can be observed that we have a new source of wealth at a season of the year when it is needed mostly. The Star's Whiteville correspondent says "the vines when once set require but little care or attention and as a source of profit they are far ahead of a Florida orange grove." A number of new vineyards are being planted in this section and we are sure that the production of the scuppernong is a great possibility for the country all around Wilmington.

Today is the date for the New York State Republican convention at Saratoga. The "old guard" no doubt has arranged all the terms of surender to Teddy without ruining the risk of being caught by the scruff of the neck and having their arms twisted out of socket all the same as the Western socalist who called the Rough Rider a liar.

CURRENT COMMENT.

But if Mr. Butler had kept out of it it would have left the State Democrats without an issue.—Durham Herald.

The Wilmington papers have very little use for the scissors and paste on their editorial pages.—Charlotte Evening News.

We want to see the time when our Congressmen and Senators will be nominated by popular primaries just as our county officers now are. This may not be a perfect way of doing it but it has got the old mode beat to a frazzle, in our opinion.—Newbern Sun.

Mr. Marion Butler is said to have overslept himself at Wilmington and thus failed to keep his Lumebrton appointment. He once "overslept himself" in Maxton and laid it to the porter, who was very indignant, saying that he called him several times.—Maxton Scottish Chief.

A Southern minister has reached the conclusion that the boll weevil is a curse sent by Providence upon the people because they wouldn't give the tithe to the Lord. An agricultural economist goes to the other extreme and asserts that the insect is a blessing, in that it has turned the farmers to giving more of their time to corn. Merely a difference of opinion.—Charlotte Observer.

This from the Wilmington Star: "Says the Greensboro News (Rep.): 'Goose pie is a favorite Democratic dish.' Buddy, quit your dish of crow, come on over and eat goose pie. It is 'different'." Thanks, Tommy, the crow was so thoroughly hashed and peppered that it was not bad, and it has been forgotten in the procession of golden pumpkins that are rolling our way!—Greensboro News (Rep.)

Col. W. J. Bryan is getting it in the neck by the Cleveland bolters because he can't stand for making a whiskey ocean of the whole State of Nebraska, instead of making county lakes, where a majority of the people do not care to swim in that stimulating element Some folks may have a right to condemn the colonel, but many who are assuming that right should recognize the proprieties.—Maxton Scottish Chief.

It is said that not less than 15 counties in North Carolina will change from the fee system of paying county officers to the plan of paying every official a straight salary when the next Legislature meets. One who reads the papers of this whole section will readily see the trend of public sentiment toward the commission form of government for the cities of the section and the salary plan of paying county officials. Both plans have worked exceedingly well wherever tried simply because they are the embodiment of business methods, up to date business methods at that, in the government of our cities and counties. There is no business corporation in the country that would attempt to operate as most of our cities and counties do, and the people are paying the cost of the antiquated systems. And they are paying high, too. Money that could be saved and bring better streets and more satisfactory in every respect. It is time our people were realizing that the government is theirs, that one man is as much responsible as another for the lack of progress and advancement that comes from a bad system. The best government possible, the best civic improvements and the best of everything that the government is responsible for can only come through a realization by every voter in a community that he is the man who must act and seek to bring about good government.—Charlotte Chronicle.

The increase in the population of Savannah in the last ten years, as shown by the census returns, is disappointing, though not wholly unexpected, since an estimate was published by the Morning News a few weeks ago placing it at about 66,000. It is slightly below that number. The increase isn't sufficient to arouse enthusiasm. When the enumerators began their work it was thought by some that it would be shown that the census would give the city a population of 100,000. The more conservative estimates ranged around 80,000. Very few thought the population would fall below that number. Certainly Mayor Tiedeman didn't, when the city's expenditures went above $1,000,000 a year and he spoke of Savannah as a million dollar city. There are some things that shouldn't be forgotten, however, in commenting on the census' showing. One of them is that in the last ten years the city has lost a large number of citizens by the removal of the shops of the Atlantic Coast Line to Waycross and its general offices to Wilmington, N. C., and the removal of many of the men employed in the Central of Georgia Railway shops to Macon. Another is that the city's manufacturing district is outside of the city limits, although but a short distance from the City Hall. It is a safe statement that in that district there are at least 4,000 people. There are a great many people on the outskirts of the city, not yet within the city limits, and hence were not enumerated, though they are for all practical purposes citizens. It is within the bounds of truth to say that Savannah would have shown a larger population by at least 6,500 if Atlantic Coast Line shops and headquarters hadn't been removed and the residents of the manufacturing district and city's outskirts had been enumerated. Savannah made no effort to increase her population by taking in adjacent territory as some other cities did, and which she could easily have done. We venture the prediction that the census of 1920 will show a far greater percentage of increase than does the present census. The people are becoming more in earnest in the work of the city's upbuilding, and as a consequence better results are going to be shown.—Savannah News.

CATARRH

A SPECIFIC BLOOD IMPURITY

Catarrh is a deep-seated blood disease, one which no amount of local treatment will ever permanently cure. The beneficial effects of washes, sprays, inhalations, etc., are only temporary, and when left off the old condition returns, because the blood is infected with catarrhal matter and impurities. This impure condition of the circulation irritates and inflames the delicate mucous membranes and tissues and produces the well known symptoms of ringing noises in the head and ears, mucus in the throat, headaches, watery eyes, partial deafness, sore throat, general impairment of health, etc. This condition will remain, growing worse as long as the catarrhal matter is allowed to remain in the blood. Being a specific blood impurity, there is only one way to cure Catarrh, and that is to purify the blood. Nothing equals S. S. S. for this purpose. It attacks the disease at its head—in the circulation—and by thoroughly renovating the blood and cleansing it of all impure matter, makes a permanent and lasting cure of the disease. For forty years S. S. S. has been recognized as the best blood purifier, and the thousands of cases of Catarrh it has cured is proof that it is the very medicine needed by those who suffer with this trouble. Book on Catarrh and any medical advice free.

SUPERIOR COURT CONVENES

Grand Jury Instructed to Make Proper Returns of Any Violations of the Prohibition Law—Cases Heard.

The first day of the double term of New Hanover Superior Court, which convened yesterday morning, was featured by the charge of Judge Harry W. Whedbee, of Greenville, to the grand jury, in which he declared it to be one of the duties of the jurors to inquire into the violation of the prohibition law, regardless of the fact that the Recorder has original jurisdiction in such offenses. He declared that if the jurors knew of any crime wherein the Recorder had jurisdiction but no action had been taken against the offenders, it was their sworn duty to make the proper returns to the solicitor. What mode of procedure should follow is not a matter for the grand jury to determine, he said.

Heretofore it has been accepted that the grand jury had no power to make investigations relative to the illegal sale of intoxicants because the act creating the Recorder's court gave to that tribunal original jurisdiction in such matters. This is the first time that a contrary opinion has been voiced, not only by a Superior Coutr Judge, but by any one so far as is known. Therefore, this grand jury is one of the most important in recent months.

The train from the North was a little late yesterday morning and it was 10:15 o'clock when Judge Whedbee instructed the Sheriff to convene court. The grand jury was selected in short order, sworn and empannelled as follows:

George Harriss, foreman; J. F. Casteen, William Flanagan, J. F. Mason, G. H. Rogers, D. J. Padrick, I. W. Solomon, A. L. Mott, Jr., W. E. Peterson, Jas. T English, W H. Register, P. P. Greenberg, W. P. McGlaughon, F. A. Montgomery, E. T. Whitehurst, C. W. Watkins, F. L. Huggins, Roger Schulken.

In beginning his very able and comprehensive charge, Judge Whedbee said that the office of the grand juror was one of the most important, not only to the grand jurors but to all the people of the county. The court, he declared, was powerless to administer the laws without the hearty cooperation of the grand jury, which is not only a part but a very necessary part of the court. It is not the duty of the grand jury to try cases, but to receive indictments drawn by the solicitor and inquire into the facts from the State's witnesses. He emphasized the importance of entering into a thorough and careful examination and fully satisfying themselves of the truthfulness of the charges before returning a true bill in any case, stating that some times an injustice is done a person against whom an indictment has been drawn because of the fact that the grand jury did not investigate as carefully as it might have He said that no "true bill" should be returned on flimsy and unreliable testimony. Unless the testimony is of such a nature as to fully justify the jury of the truthfulness of the charge "no true bill" should be returned. It is a reflection against a person for the grand jury to return a true bill, therefore it is of the utmost importance that there be something tangible against him when the bill is returned marked "true bill."

Judge Whedbee said that the act creating the Recorder's court in this county seemed to be very broad and gives the court original jurisdiction of practically all the very common offenses. "But, gentlemen of the jury," said Judge Whedbee, "if you know of any violations of laws in the jurisdiction of the Recorder's court which have not been brought to that court's attention, it is your duty to make report of the matter, bring it to the attion of the solicitor. Presentments should be made, and the mode of procedure after that is not a matter for you to think about."

Judge Whedbee then enumerated the various crimes, beginning with murder, defining the three degrees and showing clearly the distinction; called attention to lynching not because of any that has occurred in this county or any that is anticipated, but because he felt that if the people were made to see the seriousness of this crime another lynching would not disgrace the fair name of the State; he felt it the duty of a Superior Court judge to preach against lynching in season and out; many good men sometimes participated in a lynching, but they were not so good afterwards, and then he ran through the entire category of crime, fully explaining each as the grand jury will have to deal with them.

Returning again to the Recorder's court Judge Whedbee said that notwithstanding the fact that the Recorder's court has original jurisdiction in violations of the prohibition law, if the grand jurors knew of any violations of the law wherein the Recorder had not acted, it was their duty to make the proper returns. The sale of any kind of intoxicating beverages is a violation of the law regardless of the fact that dealers hold United States license and are licensed by the City of Wilmington,, with the exception of cider, sold by the manufacturer, and wine sold in the prescribed quantities.

In concluding his splendid charge, Judge Whedbee said that the law was very careful that public officers perform their duty and provides that any omission of their duty is a misdemeanor and if corruptly he can be removed from office. He instructed them to make a thorough examination of the offices in the Court House, jail county home and convict camps and report any wilful neglect of duty.

Deputy Sheriff A. T. Piver was sworn as the officer in charge of the jury which then went to the grand jury room and began deliberations.

Mr. J. R. Smith was excused from jury service because he is an Englishman and has not secured his naturalization papers. For reasons sufficient to the court Messrs. J. W. H. Fuchs and H. E. Longley were excused.

The docket was then called over. In the case against H. Hocutt, against whom the grand jury about a year ago returned a true bill for false pretenses charging that he misappropriated funds of the county while in its employ, was nol prosed by the solicitor. This disposition of the case had been anticipated by many, who did not feel that the State had any case against the defendant. The case now goes off the docket.

When the cases against Mina Bessent, colored, charged with concealing the birth of a child and the murder of the infant, was called, Solicitor Duffy stated that he did not think that he would ask for a trial of the defendant on the charge of murder, but would prosecute her for concealing the birth of the child.

In the case of A. C. Brown, charged with abandonment, the solicitor announced that he would take a nol pros with leave. The first case to be heard by the jury was one in which Hannah Nelson, colored, was charged with assault on another negro woman, a verdict of not guilty being returned.

Richard Haywood, colored, pleaded guilty to the charge of assault on another negro by shooting him, the case coming up on appeal from the Recorder's court, where he was given a sentence of 12 months on the county roads. Judge Whedbee affirmed the sentence of the lower court. Preston White, whose color is not what his name might indicate, entered a plea of guilty to the charge of non-support, which was also an appeal from the lower court. A statement was made in court yesterday that White is in bad health which caused the judge to split the sentence half in two, giving six months on the roads.

The trial of one of the three cases against Jim Register, a young white man, charged with the larceny of bicycles from the Queen City Cycle Co., was begun yesterday morning, but was not concluded until the afternoon session. L. Clayton Grant, Esq., appeared for the defendant. After being out about three hours, the jury at 5:30 o'clock returned a verdict of guilty. Mr. Grant then stated that he would enter a plea for his client in the other two cases, all three being practically the same. Sentence has not yet been pronounced.

The case of most interest yesterday was the one in which Mr. John R. Turrentine, Jr., a well known local broker, was the defendant, charged with embezzlement, the action being brought last week in Justice Harriss' court, by Mr. A. B. McNair, of the firm of S. P. McNair & Company. It took about an hour and a half to secure a jury, the 12th juror being selected at 5 o'clock. Mr. A. B. McNair was the first and only witness. He stated that his firm bought 150 bags of meal from the deefndant some weeks ago; that some days later Mr. Turrentine came to his store and delivered a bill for 150 bags of meal, the amount being $228, for which he (the witness) gave him check. Mr. McNair said that Mr. F. E. Hashagen ordered a like amount of meal and that Mr. Turrentine stated after receiving the check, that he would get check from Mr. Hashagen and take up bill of lading and "order down the meal." The meal was not sent down and witness saw the defendant on September 1st and asked him about the meal and the money. The defendant, he said, first stated that the money was to his credit in the bank; later he said that he had most of the money in his pocket. Witness saw the defendant again on the 5th of September, when Mr. Turrentine said he used the money in paying freight at the Seaboard depot. The witness, in reply to questions of defendant's counsel, said that he did not threaten to prosecute Mr. Turrentine, except in a letter written September 3rd, which was put in evidence. He testified further that the defendant told him on September 5th that he would deliver the meal at noon the following day, but that he did not keep his promise. On cross-examination, the witness was asked if he did not know that if Mr. Hashagen did not give a check for his portion of the meal the bill of lading could not be secured, and he was also asked if he did not know that Mr. Hashagen had stated that he never did give Mr. Turrentine his check. Evidence as to Mr. Hashagen's order was ruled out by Judge Whedbee.

With the examination of Mr. McNair the State rested its case and the defendant's counsel announced that they would not offer any testimony Judge Wedbee sent the jury into an anteroom and then stated that he would like to hear from the State, as to how it could establish agency from the evidence. Solicitor Duffy and L. Clayton Grant, Esq., representing the prosecution, argued that the evidence established the fact that the defendant was acting as agent for S. P. McNair & Co. in the transaction. Judge Whedbee took a contrary view. Mr. Duffy then suggested the State call additional witnesses to show that the defendant was a broker. Judge Whedbee said that this would only complicate the matter, as they could not tell then whether he was acting as agent for the local firm or the firm from which the meal was ordered. Judge Whedbee ruled that to be guilty of embezzlement the Supreme Court has held that it must be shown that the person is acting as agent for another; that in this case no agency was shown; but that the defendant was acting as if the meal was his own. He therefore instructed the jury to return a verdict of not guilty, and the defendant was discharged. Woodus Kellum and A. J. Marshall, Esqs., appeared for the defendant. Court at 5:30 took recess until this morning.

TRUE BILL AGAINST HOLLY

Proprietor of Burned Rock Springs Hotel Must Answer Charge of Murder—May or May Not be Tried at This Term.

The Superior Court grand jury at 4:20 o'clock yesterday afternoon returned a true bill for murder in the first degree against J. C. Holly, proprietor of the burned Rock Springs Hotel, who is cnarged with the murder of young Edward Cromwell, whose body was found in his room at the hotel during the progress of the fire on the morning of August 10th.

Whether or not Holly will be arraigned today or the case be heard at this term of court had not been determined yesterday afternoon. The witnesses examined before the grand jury were Dr. C. D. Bell, the coroner; Mr. R. A. Matthews, one of the guests at the hotel on the night of the fire; Capt. W. P. Monroe, assistant chief of the Fire Department; Mr. T. B. Jackson, an engineer of the department and Mr. H. E. Robbins, local agent for the Greensboro Life Insurance Company, in which Cromwell held an insurance policy for $2,500 in favor of Holly. There are a large number of other witnesses, who will be examined when the case comes up for trial. Rican & Empie, attorneys for the accused, were not present when the bill was returned by the grand jury.

Probably no case in the State in the last few years has excited such general interest as this one. Developments so far have been received with great interest and this interest will not abate until the case is finally disposed of. Readers of the papers will recall the burning of the hotel early on the morning of August 10th; the finding of the body of Cromwell in his room at the hotel during the progress of the fire, the arrest during the morning of Holly on a warrant sworn out before Justice George Harriss charging murder; the evidence before the coroner's jury, including statements of firemen that they found the bedding in Holly's room saturated with kerosene oil; bed spread upon which the body lay on the floor also being saturated with oil; testimony of others to effect that Cromwell ate ice cream and a banana before retiring; that of Dr. Bell that he had found where Holly had purchased a quantity of strychnine within two months; that of Dr. Russell Bellamy, called as an expert as to the effect of strychnine poisoning, and the report of the chemist who made an analysis of the contents of the stomach, finding strychnine sufficient to kill several persons. Briefly stated, this is the chain of circumstances that have been woven about Holly, aside from the fact that Cromwell had his life insured for $2,500 in favor of the prisoner, which is alleged to have furnished the motive for the crime. Cromwell, it will be recalled, was employed at the hotel.

Solicitor Duffy was asked yesterday if Holly would be arraigned today. He stated that he could not say at that time as he would first have to ascertain whetner or not all the State's witnesses were here. He will know today whether or not the case can be heard at this term.

Mr. W. A. Scott, of Greensboro, Deputy Insurance Commissioner for North Carolina, arrived last night to be present should the case be investigated at this term. The theory of the prosecution is that Holly, desiring to recover the insurance on the boy's life and the insurance carried on the effects in the hotel, both at the same time, gave the lad poison; saturated the building with kerosene oil and set fire to it. Mr. Scott has been interested in the case so far as it had to do with incendiarism.

PROJECT NEARS COMPLETION.

Inland Waterway From Beaufort to Pamlico Sound to be Opened.

Information received at the office of the United States Engineer in this city is to the effect that at the present rate of progress, the inland waterway project from Beaufort to Pamlico Sound will be completed about November 15th at which time the canal will be formally opened. Citizens of Carteret county are planning a big celebration on the date of the opening of the canal and it will be a great occasion for the people of that section.

The distance from Beaufort harbor to Pamlico Sound is about 18 miles and all but about 4,000 feet of the canal has been completed. Two dredges are now busy cutting away rapidly the 4,000 remaining feet. One is on the Adams' creek end and the other on the Core creek end, going toward each other just as rapidly as possible, and if the present fine progress keeps up the two will meet about the 15th of November. The exact date upon which the waters will be connected cannot be told yet, for unforeseen delays may be occasioned on the work.

The canal that will connect the two waters is 125 feet in width and at high tide will have a depth of 12 feet and a depth of 10 feet at mean low water—sufficient to float a good-sized vessel and answer all the purposes for which the big ditch is being dug.

Capt. Earl I. Brown, United States Engineer in charge of this district, and his secretary, Mr. H. H. Ford, and probably others from the Wilmington office, will be present when the two dredges meet and the canal is declared completed.

BIJOU THEATRE PROPERTY

Mr. James Howard Practically Closes Deal With J. W. Murchison & Co. —Lawyers are Now Searching The Title.

Announcement was made yesterday that Mr. James Howard, one of the proprietors of the Bijou, has practically closed a deal with J. W. Murchison & Company for the valuable property on North Front street, upon which the theatre is located, the consideration being in the neighborhood of $20,000.

Mr. Howard has secured an option on the lot at a stipulated price and he will take over the property within a day or two if the title is found satisfactory by the lawyers who have been engaged to search the records. There is hardly any doubt that the title will be found entirely satisfactory, in which event the sale will be consummated.

Mr. Howard stated last night that if the deal is consummated the property will continue to be used by the Bijou, which is owned jointly by Mr. Howard and Mr. Percy W. Wells. Mr. Howard, it is understood, has been negotiating for the property for some time, but not until a few days ago did he and the present owners arrive at an agreement as to the price.

It was reported yesterday that J. W. Murchison & Co., is negotiating for the valuable property upon which the Rock Springs hotel is located, on Chestnut, between Water and Front streets, directly in the rear of the Southern National Bank but the sale had not been consummated yesterday afternoon, it was stated. The property is owned now by Messrs. W. L. and R. A. Parsley.

YOKE FELLOWS' BAND.

Semi-Annual Election of Officers Last Night—Mr. Corbett President.

The semi-annual meeting of the Yoke Fellows' Band of the Y. M. C. A. was held in the rooms of the association last night with a large attendance. It was an enthusiastic meeting, the feature of which was the election of officers for the ensuing six months.

The nominating committee, composed of Messrs. H. E. O'Keef, C. B. Newcombe, L. D. Latta and H. G. Bowden, recommended the following, who were unanimously chosen:

President—L. L. Corbett.
Vice President—P. Heinsberger, Jr.
Secretary—J. T. Sholar.
Treasurer—H. G. Bowden.

The following were named as the appointment committee for the term: Messrs. W. A. McGirt, chairman; Eli Kavanaugh, P. H. Murphy and R. F. Coleman.

The committee suggested that the retiring officers be made an advisory board to assist the incoming officers at any time where their services may be required, which was adopted. The following are the retiring officers of the organization: President, L. D. Latta; vice president, R. G. Davis; secretary, H. E. O'Keef; acting treasurer, H. G. Bowden, and the appointment committee, composed of Messrs. C. B. Newcombe, T. D. Meares and H. E. O'Keef.

DELEGATES APPOINTED.

Three From Wilmington to Attend Southern Conservation Congress.

Three delegates to represent Wilmington at the Southern Conservation Congress, which will be in session in Atlanta October 7th and 8th, have been appointed by Mr. J. A. McGeachy, secretary of the Chamber of Commerce, and are Messrs. Z. W. Whitehead, M. W. Jacobi and R. A. Brand.

Former President Roosevelt and Gifford Pinchot, who have taken great interest in conservation progress in this country, will be the principal speakers. This is the first congress of this kind ever held in the South and it will doubtless be well attended.

It is very likely that the city of Wilmington will be represented by one or more delegates. Mayor MacRae is being urged to attend and he stated yesterday that it might be that he would be able to get off at that time. He stated also that Capt. Thos. D. Meares, clerk of the Board of Audit and Finance, had a business engagement in Atlanta the latter part of next week and that he would appoint him a delegate.

NEWS OF THE SHIPPING.

Carib Passed Crippled Clyde Liner—Schooner Clears With Lumber.

The Clyde steamer Carib, Capt. Hale, arrived yesterday from New York and reported passing the crippled Clyde liner Huron in tow of the steamer Navahoe, Capt. Packer, which cleared from this port on her regular trip Saturday at noon. The Navahoe was intercepted by a wireless message sent from here to Beaufort Saturday. The Carib met the disabled steamer near Cape Hatteras Sunday.

The schooner John W. Hall, Capt. Bennett, cleared yesterday for Philadelphia with cargo of 309,000 feet of lumber from the Hammer Lumber Company.

Capt. Thomas M. Calder, master of the waterlogged schooner Silver Spray, which was towed into port Saturday afternoon, is still very ill at the Marine Hospital. The question of salvage has been taken up with the owners of the vessel, but it will be some time before this is settled. Capt. Calder is a member of Fellowship Lodge No. 97, Odd Fellows, of Machins, Me.

Death of a Child.

Friends will tenderly sympathize with Mr. and Mrs. Allen Rodgers, of Middle Sound, in the death of their daughter, Henrietta, 13 years of age, which occurred Sunday afternoon at 2 o'clock at the family home after a brief illness of only a few hours with hemorrhagic fever. She was a most noble hearted girl and her passing is indeed sad. The funeral services were conducted by her pastor, Elder G. W. Shepard, at the home of her parents at 11 o'clock yesterday morning with interment in the family burying ground.

SENT TO RECORDER'S COURT.

"Bud" Pigford Given Hearing Yesterday in Two Cases.

"Bud" Pigford, a young white man, was given hearing in Justice Harriss' court at 5 o'clock yesterday afternoon on the charge of assault with deadly weapon on Mr. G. E. Burnett and on Owen Brinson, a white youth, alleged to have taken place at the store of Mr. Burnett at Sixth and Dawson streets Saturday night, shortly after which the defendant was arrested by Constable Savage. The justice found probable cause and bound the defendant over to Recorder's court in both cases, fixing bond at $50 in each case. Being unable to give bond defendant was sent to jail.

"Bud" Swann, a white man, was also tried in Justice Harriss' court yesterday afternoon. He was charged with simple assault on Robt. Hansley on Saturday night at Sixth and Castle streets. He was adjudged guilty and required to pay the costs.

Mr. Burnett stated last night that the trouble did not begin in his store. He said that as he understood it Pigford and Owen Brinson had some words on the street; that Brinson ran into his store and was knocked down by Pigford. Burnett then remnistrated with Pigford, who attempted to strike him, but did not. Pigford he said, went out of the store and hurled a rock, which struck inside the building, breaking into several pieces, each of which struck some one in the store.

STEPHENS CASE TODAY.

Comes Up for Argument in Supreme Court at Raleigh.

In the North Carolina Supreme Court at Raleigh today will be argued the appeal of Joe Stephens, the young white man who was convicted in New Hanover Superior Court some months ago of murder in the first degree for the killing of E. R. Shields in the northern section of the city about a year ago, following a disagreement, they being solicitors for rival scavenger firms. Hon. John D. Bellamy and Herbert McClammy, Esq., appear for the defendant. According to a person who heard the brief of the Attorney General read that official will recommend to the court that the defendant be given a new trial, and it is thought that the court will very likely take the same view of the case.

THE MINISTERIAL UNION.

Dr. Wells and Rev. T. A. Smoot Made Interesting Talks—Notes.

The regular weekly meeting of the Wilmington Ministerial Union was especially interesting and profitable yesterday, having been featured by addresses by Rev. J. M. Wells, D. D., pastor of the First Presbyterian church, and Rev. T. A. Smoot, pastor of Grace M. E. church, in which they gave some impressions of the great Missionary Congress held during the past Summer at Edinburgh. Both addresses were highly interesting and helpful and it was decided to hear these ministers again on October 10th along the same lines. Rev. C. M. Morton, pastor of the Christian church, and Mr. J. B. Huntington, general secretary of the Y. M. C. A., were received into the fellowship of the Union.

CHRISTIAN ASSOCIATION.

First Fall Meeting Held at St. Paul's Church Sunday.

Members of the Christian Association of St. Paul's Evangelical Lutheran Church gathered in the Luther Memorial Building, corner Sixth and Princess streets, Sunday afternoon at 4:30 o'clock for the first Fall meeting of the organization. Mr. A. D. Wessell, the president, presided and Mr. J. D. Klander, the secretary, was at his post. The president made a short talk in which he outlined the work it is hoped to do during the Fall and Winter months, and others joined in the discussion. It was a very enthusiastic meeting and augurs well for the success of the organization during the Fall and Winter. The annual election of officers will take place at the October meeting.

PROF. BAROZZI TO TEACH.

Instructor of French Language and Literature at High School.

Prof. M. Bianchi Barozzi, who has been making his home in Wilmington for a year or more, has been tendered the professorship of French language and literature in the High School for the coming session.

Prof. Barozzi is a descendant of an old patrician family of Venice, and was born at Nice, France. He studied there, in Germany and Italy, where he was graduated at the University of Pisa, and taught modern languages in Switzerland for a number of years. He has traveled extensively at various times, having visited Asia, Egypt, North and South America and spent many years in Europe, perfecting his knowledge of several languages.

French Millinery Parlors.

The ladies of the city will be interested to be reminded that today is the date for the annual opening of Fall millinery at the French Millinery Parlors, third floor of the A. D. FLYNN—DURANT NUPTIALS.

Miss Emily P. Durant the Bride of Mr. W. P. Flynn.

In the presence of a number of relatives at the home of Mr. H. M. Durant, in this city, Sunday morning, Miss Emily P. Durant and Mr. Wharton P. Flynn were united in marriage, Rev. J. C. Mizzell performing the ceremony. For the next few months Mr. and Mrs. Flynn will make their home at French's Creek, and later they will go to Whiteville, where Mr. Flynn will assume the management of a large firm. Both have many friends who will extend congratulations and best wishes.

Inspecting Harbor Craft.

Messrs. Rice and Borden, government steamboat inspectors, were here yesterday inspecting craft of the local harbor. The steamer Rosa, a river boat owned by Capt. Cnas. Wessell, has been changed by the inspectors from a passenger to a tow boat and the papers were filed at the custom house yesterday. The tug Blanche, Capt. Sanders, which recently returned to port from Brunswick, Ga., where she was equipped with a new boiler and otherwise overhauled, was also inspected.

FRECKLES

September the Month to Get Rid of These Ugly Spots.

Now that the Summer is over, the woman with tender skin finds her face covered with ugly freckles and she fears that she has ruined her complexion.

Fortunately for her peace of mind, the recent discovery of a new drug, Othine—double strength, makes it possible to have a skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine will remove them. Get an ounce package from J. Hicks Bunting Drug Co., and banish the freckles.

Money back if it fails.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, Etc.

Mrs. M. Black, of Winter Park, has gone to Jacksonville, Fla., to spend the Winter with relatives.

* * *

Miss Alice Reston Smith has just returned from Concord, N. C., where she visited Miss Ashlyn Lowe.

* * *

Mrs. E. Piner and little daughter, Bettie, have returned from a pleasant visit to relatives at Mayesville and Swansboro.

* * *

Mrs. Gaston Meares has returned to the city and is staying at Mrs. N. H. Quince's, 18 North Seventh street, her friends will be pleased to learn.

* * *

Mrs. John Sheehan has returned from a visit to Jacksonville, Fla., and Charleston, S. C. She was joined by her daughter, Miss Elizabeth, at Charleston, on the return home.

* *

Mrs. B. S. Mills has been called to Durham by telegram, conveying the sad news of the death of her niece, Rose May Woodward, infant daughter of Mr. and Mrs. F. W. Woodward, of that city.

PERSONAL PARAGRAPHS.

—Prof. H. L. Leonard, of Kelly, N. C., spent yesterday in Wilmington.

—Friends in this city will regret to learn that Mr. E. L. Sleeper is seriously ill at his home near Castle Haynes.

—Mr. James Jones, a popular Coast Line engineer, running between Richmond, Va., and Weldon, N. C., spent a few hours in the city Sunday, the guests of his parents, Mr. and Mrs. Jas. W. Jones, 515 Market street.

—W. P. Mangum Turner, Esq., is among the Wilmington lawyers in attendance upon Brunswick county Superior Court which convenes at Southport this morning, with Judge Oliver H. Allen presiding.

—Mr. Stephen O. Smith, who has been employed in the United States Engineer office, this city, has resigned to accept a position in the United States Engineer office at Montgomery, Ala. This is a promotion for Mr. Smith and his friends will be glad to learn of it, although regretting to see him leave Wilmington.

—Capt. Robert Green, the genial hall officer of the Wilmington police department, got home last night from Greensboro, where he has been spending a part of his annual vacation. While there he was pleased to meet his old friend, Maj. Chas. M. Stedman, and to know that Maj. Stedman's chances for election to Congress from the Fifth district, are exceedingly bright.

—Postmaster Thos. E. Wallace returned Sunday from Winston-Salem, where he attended the annual convention of the North Carolina Association of Postmasters. Mr. Wallace was elected one of the vice presidents of the Association and took a prominent part in the number of very interesting discussions that were held. Press of official business forbade his attendance upon the National Association convention this week in Richmond, as he had expected.

DEATH OF MR. PRITCHETT.

Native of This Section and Highly Esteemed, Died in Georgia.

Friends in this section of the State where he was well and most favorably known, were pained to learn yesterday of the death of Mr. Thomas Jordan Pritchett, son of the late James Henry and Elizabeth Jordan Pritchett, who passed away yesterday at his home in Dublin, Ga., at the age of 53 years. Mr. Pritchett is survived by his wife and four children; also two sisters, Mrs. Nathaniel H. Quince and Mrs. Watters, of this city, and three brothers, Messrs. William Pritchett, Geo. F. Pritchett, of Dublin, Ga., and Henry E. Pritchett, of Jacksonville, Fla. Mr. Pritchett was born in Brunswick county in 1857, but had lived in Georgia for some years. Friends of the family will tenderly sympathize with them in the bereavement which is theirs. The funeral and interment will be at Dublin, Ga.

The following Associated Press telegram was sent out from Dublin last night:

Dublin, Ga., Sept. 26.—Thomas J. Pritchett, president of the Georgia Warehouse and Compress Company, committed suicide today by shooting himself through the head. He carried life insurance for about $110,000. Continued ill-health is attributed as the cause of self-destruction.

Raise Steamer Duplin.

Wrecking machinery to raise the sunken steamer Duplin, which went down last week at Broadwater Landing, at the 41-mile post on Northeast river, while bound to this port with a cargo of shingles, was sent up the river Sunday and work was commenced yesterday by the Diamond Steamboat & Wrecking Company to raise her. The Duplin is in some ten feet of water and it is believed that little difficulty will be experienced in getting her up within a few days.

LIQUID CURES ECZEMA WHERE SALVES FAIL.

In regard to skin diseases, medical authorities are now agreed on this:

Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all czematous diseases can be brought about only by using the healing agents in the form of a liquid.

WASH THE GERMS OUT.

A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription. This penetrates to the disease germs and destroys tuem, then soothes and heals the skin as nothing else has ever done.

A 25 cent trial bottle will start the cure and give you instant relief.

LOCAL DOTS.

—A freak of nature in the form of a three-legged chicken attracted a good deal of attention yesterday at the Siwasa grocery, on Market street.

—Mr. Spencer Lanier, of Maple Hill, is visiting relatives at No. 722 South Third street, on his way to Denver, Col., where he will make his home in the future.

—Messrs. Marx, Joe and Sim Nathan went "drumming" at Masonboro Sound Saturday night and had splendid luck, catching five fine drum, weighing upwards of 3 pounds each.

—Rev. A. D. McClure, D. D., leaves this morning for Warsaw, where he will assist the pastor of the Presbyterian church there with a series of evangelistic services for a week.

—New flooring has just been placed in the Smith's Creek bridge, on the Castle Haynes road, adding no little to the safety and comfort of travelers by private conveyance along this fine thoroughfare.

—For the convenience of the public a large writing table with all necessaries for writing has been placed in the lobby of the postoffice, replacing the tall and rather unsteady upright desk that has been in use for some years.

—There will be a call meeting of the City Paraca Union tonight at 8 o'clock at the First Baptist Church. All members are urged to be present as business of importance will be considered.

—Mr. and Mrs. J. S. Branch, of Bolton, desire to publicly thank their friends at Bolton for their kindness and sympathy during the recent illness of their little son, Richard, assuring them that the kindness will never be forgotten.

—A series of meetings began Sunday at Wrightsboro Baptist church, on the Castle Haynes road, and will continue through this week and probably longer. The pastor, Rev. W. J. Jones, is being assisted by Rev. T. J. Hood, an able divine. The public is cordially invited.

—Mr. M. Cronly has been named by Sheriff S. P. Cowan as one of his office deputies and he has already entered upon his duties. Mr. Cronly will have charge of the tax books until Mr. Thos. O. Bunting, who has been ill for several weeks, is able to be at the office again. Mr. Cronly is familiar with the tax books and will make a very valuable man in the Sheriff's office.

—Sheriff S. P. Cowan sold at public auction at the Court House yesterday at noon two pieces of property under execution. One was the interest of Mr. H. M. Bowden in a piece of land across the river, and was bid in by Joseph W. Little, Esq., for $25, and the other was the interest of Dr. A. H. Thurber, colored, in a lot on the east side of Eighth, 75 feet from Dawson, 57x120 feet in size, and was bid by by B. G. Empie, Esq., for $95.

Theatrical

The Academy will offer only one attraction, "The Show Girl," this week, but that one will be quite sufficient and will present a great big chunk of laughs. The attraction is also doubly interesting, as it opens its Southern tour in Wilmington. Not its tour, because it has been on the road now for several months, opening in far up Canada, but its Southern tour. The company jumped from Canada to New York, and landed in Wilmington yesterday morning, coming by Clyde Line steamer from Gotham; hence, the city is full of chorus girls, and pretty, dashing damsels they are. So this would indicate that the performance Friday night is going to be a pretty one at least. The company had originally intended opening in Washington, D. C., for its Southern tour, but owing to the theatrical war on between the Independents and the old syndicate, the opening place was changed to this city.

"The Show Girl," which some critics have aptly called "The Magic Cap," as the fascinating novel story of the piece hangs around a magic cap, which is worn in turn by numerous people, who upon putting it on have but to make a wish and that wish will be instantly fulfilled is purely of comedy type. It is what might be termed of vigorous comedy type, as there is a laugh for every second the curtain is up. The acting is ludicrous, the lines laughable and the music merry. It is really a big play of fun and it is introduced many modern and popular hits, which brings to mind what one might not be wrong in terming the "follies of 1910." The interpolated numbers are many and decidedly attractive.

The company that will be seen in the big musical comedy in Wilmington is a most capable one, both as to principals and a strong chorus, and the production will be made with elaborate scenery and beautiful electrical effects.

Thinking to strike a popular vein, and help out during the hard times, by special arrangements the highest prices for the engagement here will be $1, and seats for Friday night will go on sale at Plummer's Thursday morning.

The Lyceum Course.

Much interest is now being manifested in the Lyceum Course which is to be conducted by the members of the Boys' Brigade, especially since it became definitely known that the first attraction, the Hinshaw Grand Opera Singers, will appear Thursday night, October 6th. This number will prove a rare treat to all lovers of high class artistic singing, as this company is composed of singers of the finest training and much experience.

This is especially true of Mr. William Wade Hinshaw, who sang for Mr. Gatti Gassazza, general manager of the Metropolitan Opera Company, of New York. He sang from four different grand operas in four different languages—Italian, French, German and English—and was immediately engaged to sing leading roles with that company for three seasons, beginning next November, which is the highest honor that can be conferred, as only the finest singers in the world can gain admittance to that realm of stardom. Mr. T. Francis Hughes, tenor; Miss Ila Murrap Hinshaw, soprano, and Miss Fredericka G. Downing, contralto, are in the same class, a statement which is all sufficient to insure a most delightful and stimulating concert. The accompanist is Mr. Robt. Yale Smith.

The Brigade committee is making no further canvass to place tickets, only a few are left and these will be sold at the armory to those who first make application. Reserved seats will go on sale on Wednesday, closing at 6:30 P. M. Thursday, at Mr. W. R. Dosher's plumbing display room on Front street. The charge for reserved seats will be 10 cents.

The second attraction will be the Covenly Entertainment Co., which will be here November 14th.

At the Crystal Palace.

There were large crowds at the Crystal Palace yesterday to witness the new bill, which includes Mr. Millard Francis, laughing and character songster; Hill and Edmund, whose laughable skit must be seen to be appreciated. "The Newspaper Error," is the title of the motion picture that is being shown. It is one of the best ever seen in this city. Mr. Reilly will sing "Tickle Toes" at each performance.

At the Bijou Today.

"Human Hearts" and "The Thief," are the features of the bill at the Bijou today. The former is one of deep heart interest while the latter is a detective story, interesting in plot, splendidly acted, and well photographed. The bill should not fail to please the many patrons of the resort.

HONOR FOR BELMONT ABBEY.

Piux X. Makes It a Cathedral Abbey, First in America.

The religious department of a large newspaper syndicate supplying its service to papers all over the United States recently contained the following item which is of local as well as of general interest:

The Benedictine fathers of the Sacred Heart church at Savannah, Ga., announced recently that Pope Piux X. had raised Belmont Abbey, at Belmont, N. C., to the dignity of a cathedral abbey, with its own territory and jurisdiction. Eight counties in North Carolina are attached to the new see. This honor is the highest the Catholic church ever confers on an abbey. Belmont is the only one of this rank in North America and one of the only eighteen of this class in the world.

All future abbots of the Belmont, by virtue of its raised dignity, will have with few exceptions, the rights and privileges of a bishop, with all a bishop's obligations. The honor is principally due to the zeal and energy of the venerable Abbot Bishop Haid, who in 1885, with eight young Benedictines, went to Belmont from the great monastery of St. Vincent's in Pensylvania. The colleges and monastery was erected in a North Carolina wilderness.

The canonical erection of the abbey will be formerly promulgated some time in October, when Abbot Bishop Haid will celebrate his silver jubilee in the presnece of high dignitaries of the church.

WILMINGTON PRESBYTERY.

Regular Meeting Will be Held at Elizabethtown in October.

The Wilmington Presbytery will hold its regular Fall meeting at the Elizabethtown Presbyterian church the second week in October, beginning Wednesday the 12th and continuing through Friday, the 14th. Rev. J. M. Plowden the moderator, will call the meeting to order and preach the opening sermon, after which a moderator for the ensuing term will be chosen. There are no special matters to be considered at the meeting, but it is expected that the attendance will be large. On the Sunday following the meeting, Rev. Dr. A. D. McClue, pastor of St. Andrew's Presbyterian church, this city, will occupy the pulpit at Elizabethtown at both the morning and evening services.

SPEECHLESS FOR THANKS

Arkansas Lady Cannot Say Enough In Praise of Cardui, Which Did Her a World of Good.

Mena, Ark.—"I find Cardui to be all you represent," writes Mrs. H. B. York of this city. "I suffered for nearly two years, before I tried your remedy. I have been so relieved since taking Cardui. I cannot say enough in its praise. It has done me a world of good, and I recommend Cardui to all women."

Similar letters come to us every day, from all over the country, telling the same story of benefit obtained from Cardui, the woman's tonic.

This great remedy is over 50 years old, and is more in demand today than ever. Cardui has stood the test of time. It is the standard, tonic, medicine, for women of every age.

The first thought, in female ailments.

Would you like to be well and strong again? Then take Cardui. It can't possibly harm you, and its record indicates that it ought to help you.

Have you poor health? Cardui has assisted thousands of women to glowing good health.

Do you lack strength? Cardui is a strength-building tonic for women.

Over a million women have benefited by its use. Can you think of any good reason why you should not try it?

Ask your druggist. He knows.

FINANCIAL and COMMERCIAL

ACTIVE DEMAND FOR COTTON

Caused by Bullish Crop Reports and Apprehension of Possible Early Winter—Features on Market Yesterday.

New York, Sept. 26.—Bullish private crop reports and talk of smaller Southern spot offerings, together with apprehension of a posible early Winter based upon the appearance of killing frost in the Northwest caused a more active demand for cotton in the local market, and while advances were not fully maintained, the close was steady, with September showing a gain of one point and later positions of 11 a 16 points for the day.

The market opened firm with September unchanged and other months four to ten points higher in response to a better Liverpool market than expected and private cables reporting steadier spot offers from the South. Spot houses bought September at the opening, and that position firmed up with the rest of the list but soon reacted, ruling comparatively quiet and easy during the balance of the day, while later months showed increasing activity and gradually worked up to a net advance of 16 and 19 points on covering by recent sellers, a little support from trade interests, and a considerable demand from Wall street houses, particularly those with Western connections. Western interests were probably buyers on bullish crop news, as one of the big Chicago houses is said to have received a large number of very bullish crop reports from the South; while some of the Wall street interests may have been operating on a report from a local authority suggesting a crop of only 10,184,000 bales with average weather conditions. Realizing checked the advance around 13.40 for October, and there were slight reactions in the later trading with some selling attributed to a private cable received late in the day from Liverpool to the effect that master spinners had refused to submit the Lancashire labor dispute to arbitration. The census figures on supplies and distribution showing a stock in the hands of domestic mills of only 518,101 bales at the beginning of the present season, comparing with 807,097 last year, were published before the opening, but proved near enough expectations to exert no apparent influence on the day's business. Southern spot markets officially reported early were 1-16 c. lower to 1-16 c. higher.

Receipts at the ports today 60,818 bales against 30,579 last week, and 59,703 last year. For the week 325,000 bales against 241,946 last week and 280,881 last year. Today's receipts at New Orleans 3,412 bales against 5,281 last year.

Spot cotton closed steady, 1 points lower. Middling uplands, 13.60; middling, gulf, 13.85. Sales 12,15- bales. Futures opened firm and closed steady.

HUBBARD BROS. & CO.

Daily Review of Cotton Market—Spinners and Operatives.

(Special Star Telegram.)

New York, Sept. 26.—In Liverpool, the squeeze in September and the expected adjustment of the dispute between the spinners and their operatives brought about a sharp advance abroad. They are also receiving many predictions that the bureau report will be very bullish, indicating a smaller crop than they have thought possible.

These predictions have found believers in the West and Wall Street, who were free buyers all day. Memphis continues to be very bullish on small crop views. This demand was met by arbitrage selling between Liverpool and New York, representing hedging sales against purchases in the South. The tenders upon September were more than the longs were prepared to receive so the premium over October was lost.

At the close, the feeling was that Liverpool would be sharply better tomorrow. HUBBARD BROS. & CO.

STOCKS SHOW SIGNS OF LIFE

Some Activity on the Market Yesterday—Reading Was Feature—Substantial Demand Throughout Day.

New York, Sept. 26.—The stock market today gave a sign of more life and took on a semblance of breadth and strength. The increased congestion of the dealings in Reading as the day progressed lessened the appearance of breadth and restored that of narrow professionalism, which has been the fault of the market for some time past. Sales of Reading made up over 40 per cent. of the day's aggregate transactions.

The stress laid by the current speculation on the question of raising freight rates was exemplified again by the influence of the reported action of railroad labor organizations to further the requests of the railroads to be allowed to advance rates. London joined in the buying on a liberal scale, and there was a substantial demand also from uncovered shorts.

The conspicuous strength of Reading at first was made an argument in favor of the general advance, but later became the grounds for some doubt and hesitation over the general movement. The news regarding the stock was confined to surmises over the identity of the large buyers, these pointing to various well known operators of the first magnitude in speculative campaigns.

The hardening tendency of money rates was ignored in the conviction that the causes for it were temporary and lay in the preparations for the October settlements.

The placing in London of $7,500,000 of Union Pacific refunding bonds neutralized the influence of the London money market on the stock market here. The market early threw off the restraint of the coming convention at Saratoga. The market also seemed to be free from misgivings over the low temperatures reported from the corn belt.

Bonds were strong. Total sales par value were $2,362,000. United States bonds were unchanged in the bid price on call. Total sales for the day 426,700 shares, including Sugar 400; A. C. L. 300; C. & O. 5,600; L. & N. 800; N. & W. 300; Reading 174,300; Southern Railway 700; Southern Railway preferred 300; Union Pacific 62,300; U. S. Steel 93,200; V. C. C. 100.

THE GRAIN MARKET.

Chicago, Sept. 26. An unexpected big increase in the visible supply of wheat had much to do in bringing about a weakening of prices today. The main cause of depression, however, was extreme dullness. Latest quotations showed a net loss of 1-8 to 3-8. Corn finished with a gain of 1-8 to 1-4 to 3-8c., and oats with a shade to 1-8c. In provisions, final figures ranged from 70 down to 15c. advance.

SCHOOL LESSONS ON CORN.

Secretary of Agriculture Issues Pamphlet on Grain Growing.

Washington, Sept. 26.—Owing to the continuous and growing demand coming largely from rural school teachers for a publication of the Department of Agriculture entitled, "Exercises in Elementary Agriculture—Plant Production," issued three years ago, the Secretary of Agriculture has had prepared and revised a pamphlet entitled "School Lessons on Corn," which it is designed to meet more fully the requirements of the study of corn growing.

It is believed that the bulletin will be especially useful in public schools, where boys and girls agricultural clubs have been formed for the experimental growing of corn.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

GAYNOR PREFERS TO REMAIN MAYOR

(Continued From Page One.)

decent, and to lift it up and make it an object lesson to the whole nation. If to do this he has to be more or less meddlesome, we will all forgive such meddlesomeness, if kept fairly within the law."

Mayor's Strength Exaggerated.

Rochester, N. Y., Sept. 26.—The opponents of Mayor Gaynor devoted today and tonight to preparation for the struggle against his selection for the head of the Democratic State ticket, which now seems likely to be the distinguishing feature of the two days remaining before the State Democratic Convention. The extent of this opposition is difficult to define.

Friends of James S. Havens declare that it covers the Western half of the State and some of the more enthusiastic assert that there is no real demand for the Mayor's nomination outside of New York. At present the Havens men head the anti-Gaynor forces; but when the supporters of the other candidates arrive they hope to enlist their aid on the common ground that the elimination of Gaynor is the first requisite towards ensuring the success of anybody else, no matter from what section of the State he hails.

The opponents of Gaynor, it is said, will urge upon Charles F. Murphy, the Tammany Hall leader, and others that it will be dangerous to depend too much upon the popular sentiment in Gaynor's favor engendered by his attempted assassination; that but for this sympathy Judge Gaynor would not have his present lead for the nomination, and that it is not strong enough to weather the strain of a hard campaign.

The manner with which the Mayor's candidacy is assailed by some of the up-State leaders here has surprised those who came to Rochester with the belief that Gaynor sentiment up State was so strong that his nomination depended only upon the announcement of his willingness to run. These men declare that Chairman Dix has informed them privately that the inference drawn from the statement he made in New York last week regarding the strength of Gaynor sentiment he found throughout the State was exaggerated. They have investigated the Mayor's political history, and they assert that they will show the New York leaders that Mr. Gaynor's attributes do not qualify him to lead the party in the State this fall.

Recalling Mayor Gaynor's reluctance to commit himself on previous occasions when he asked to be a candidate, they say that the lack of any definite statement regarding his candidacy has put the party in an embarrassing situation. At the same time some believe that Leader Murphy will come here with an assurance from Gaynor regarding his intentions which may answer this argument. Others think that the Mayor is so desirous of being sure that he is the unanimous choice of the party that he may withhold any such statement in the expectation that if the convention, is sufficiently enthusiastic it will name him anyway, resting assured that he will accept if the nomination comes to him with the unanimity that such an event would indicate.

The Havens men admit that they have no assurance of the support of William R. Hearst if their candidate receives the nomination, but they call attention to the fact that the New York editor supported Mr. Havens when he ran for Congress, and hope that this course indicates that Mr. Hearst has forgotten the fact that Havens opposed him when Hearst ran for Governor in 1906.

Chicago, Sept. 24.—When the Senatorial investigating committee begins the inquiry into the election of Senator William Lorimer Monday morning it is expected that Representatives Charles A. White, one of the Democratic legislators who voted for Senator Lorimer, will be the first witness.

SOUTHERN NATIONAL BANK

NEW YORK STATE CLANS GATHERED

(Continued From Page One.)

Roosevelt had asked me to vote for him I would certainly have said 'yes.'"

"We all would," said Chairman Woodruff.

Speaker Wadsworth said:

"I must correct the statement of Mr. Griscom that he told me before the meeting of his intention of presenting Col. Roosevelt's name. I was taken by surprise when he did so."

Mr. Griscom reiterated his statement that he believed there was trickery, and Samuel Krulewitch, of Manhattan, said he was present and heard Griscom tell Speaker Wadsworth that Col. Roosevelt's name would be presented.

The episode concluded with this remark by Chairman Woodruff:

"I think this charge by Mr Griscom and others, a charge by Republicans against Republicans, is the most unwarranted piece of business I have ever known."

The motion was then carried that Mr. Sherman's selection as temporary chairman was made without misrepresentation.

Saratoga, N. Y., Sept. 26.—Saratoga seethes in a political turmoil tonight, the eve of one of the most important Republican State conventions ever held. The "old guard" are making their battle on the issue, "Shall Theodore Roosevelt rule the Republicans in the State of New York?"

Col. Roosevelt reached here late today and within five minutes had plunged into the situation, taking full command of the progressive forces and rounding up the wavering unpledged delegates. The ebb and flow of the political tides finally set in for the progressives tonight and the colonel, after a conference with his lieutenants, repeated his declaration made at Troy today: "We have beaten them to a frazzle and the trophies are ours."

When Col. Roosevelt came into Saratoga he was met at the railroad station by the New York county delegation headed by Lloyd C. Griscom, Representative Parsons and Otto Bannard, of New York, and hundreds of delegates and townspeople. A procession was formed and headed by a Troy band, marched to the United States Hotel, where the colonel was rushed to the second story piazza to make a brief speech in response to the crowd.

"Good luck," he shouted, waving his black sombrero hat to the crowd. "I shall not try to make any speech now. I'll make my speech tomorrow."

Then before the crowd could rush in on him, the colonel swept away to his headquarters where, with his lieutenants he obtained the latest information concerning the situation.

Vice President Sherman came to the village this morning from Utica and went quietly to his room. Few knew of his arrival. Mr. Sherman had nothing to say and spent the day talking with friends on the veranda of the hotel. Mr. Sherman, it was learned, entertains no very exalted hopes of his election to the temporary chairmanship, but he says he is in the fight.

The Vice President, however, came in for a spirited demonstration tonight when a marching club of some 200 members with a band arrived from Utica. Mr. Sherman met the "boys from Oneida" as he called them, and marched with them once around the great court of the United States Hotel. The marchers carried small American flags and the Vice President and his friends were rapturously cheered by the old guard delegates and their cohorts. The parade then led the way to the band stand and the Vice President was cheered and urged to speak.

"Gentlemen," he said, "surface conditions point to the fact that about 5,000 of you prefer to hear your own voice than to hear mine. I shall not assure you that I will speak in the convention, but rather, I will say that I will speak in the convention tomorrow if a majority so will. I always bow to the will of the majority, which is my only boss. I desire to express my thanks to the stalwart body of Oneida county business men, regardless of party, who have come here to answer the clap-trap of the opposition. Gentlemen, I am here and you are here because we are Republicans, anxious to do what we can to produce party harmony and party success."

With the arrival of Col. Roosevelt the old guard doubled their efforts to capture the palm of victory. Lieutenants of William Barnes, Jr., who is leading the old guard forces, say tonight that they have made a few gains, but are not ready to claim a majority of the convention. The wavering delegates are being eagerly sought by both sides.

Mr. Griscom announced tonight that the progressives had 574 delegates out of the 1,015 in the convention, which would give them a good working majority. He said that since the arrival of Mr. Roosevelt the progressives had gained four votes.

Mr. Barnes with his associates has written out a complete and full platform which will be presented to the committee on Resolutions, and Mr. Barnes said tonight that they would not submit to a single amendment to that platform. In the event of their defeat, the adopted platform will be entirely made up by the progressives and they will be responsible for it.

Col. Roosevelt put in some time tonight going over the primaries plank of the progressives platform. Roosevelt leaders are not all of one mind in the precise make-up of this particular plank.

Mr. Griscom said tonight that he thought Col. Roosevelt would select a man from his home county to make the motion substituting the name of the colonel for that of Vice President Sherman for temporary chairman.

Regarding a report that Mr. Roosevelt had been asked by his friends to run for governor, Mr. Griscom said:

"No such proposition has been made to Mr. Roosevelt by me or by any of my friends. The matter was suggested ago to Mr. Roosevelt by me some weeks ago and that ended it."

The platform, he said, would contain a strong expression against graft and a vigorous labor plank.

Frederick C. Stevens, superintendent of public works, who comes from Wyoming county, loomed large today as an available candidate for governor.

Efforts were made during the day to have Representative Bennett, of New York, withdraw his candidacy for the gubernatorial nomination in order to make way for an up-State man. Mr. Bennett, however, was not inclined to be persuaded.

ELECTION FRAUD INQUIRY.

In Progress at Norfolk—Interest in the Outcome.

Norfolk, Va., Sept. 26.—On the eve of the assembling of the committee of nine named by the Democratic State Central Committee to investigate the recent Congressional primary in the second district, there is intense interest, and much speculation on the outcome.

William A. Young, the successful candidate who was nominated on the face of the returns by a majority of 46, will file his charges tomorrow in answer to those filed by Harry L. Maynard, the defeated Congressman, who has represented this district for ten years.

Young will charge that Maynard received votes in Portsmouth that were fraudulently cast; that persons out of the city on primary day were recorded as voting, and that more people were voted than actually came up to the polls. It is alleged that dead men were "voted" in Portsmouth.

The most important thing facing the committee now is the question of whether the investigation can be completed by October 4th, when the State committee is called to receive the report and determine what is to be done in the matter. The general opinion prevails that a new primary or convention will be ordered, or that the precincts showing fraud will be thrown out and the nomination given the candidate who has a majority when this is done. From the present outlook, William A. Young would still be the winner in that event.

LONDON BANKERS COMING.

Will Disucss Bill of Lading Dispute With American Financiers.

Washington, Sept. 26.—It was said at the treasury today that a committee of London bankers will come to New York soon for a conference with American financiers in the hope of coming to some agreement on the question of guarantees on cotton bill of lading.

The English banks have asked the American National banks to guarantee bills of lading on export cotton. Under the National bank act that would be illegal. Bankers have asked Comptroller of the Currency Murray to give a liberal interpretation of the national bank act to permit them to do so, but the Comptroller has refused it. It is understood that the American bankers are now looking for some legal way to guarantee the bills and have invited the British bankers into a conference.

The English banks are standing firm on their ultimatum not to accept any cotton bills without guarantees after October 31st. Cotton growers and brokers are much concerned over the situation as much of the American crop goec to England.

Roanoke, Va., Sept. 24.—Four masked robbers, all believed to be white men, last night entered the home of Stuart Southers, at Wytheville, Va., beat his wife, tied her to a bed, stole $700 that was hidden in a mattress and escaped. Southers was absent from home.

A Money Saver

HILL'S "HUSTLER" ASH SIFTER

is the very sifter you've always wished for—an enclosed cylinder sieve that sifts with the turn of the handle, so that ash-dust drops into barrel while the unburned coal rolls out into scuttle.

Saves Time, Work and Valuable Fuel

Fits snugly over top of ordinary barrel or galvanized iron ash-can, so that all ashes and dust are confined to barrel underneath.

No Dust Can Escape

Sifts a week's ashes in a few minutes—so easy a child can run it. Carefully and substantially made of galvanized iron—all joints riveted. Number 1 size is for ordinary household use. Shall we deliver one for you?

Words Are Only Good When Backed By Deeds

In promising our patrons the display of a thoroughly representative metropolitan stock of SILVERWARE, we felt we were saying quite a good deal.

In buying for the coming season we have selected an assortment of Table Silver Pieces, inexpensive, moderate and costly.

As the wedding time approaches, shoppers will find at this store a stock worthy of attention.
